The Tenderer must be prequalified with TfNSW under the National Prequalification System for Civil (Road and Bridge) Construction Contracts, at the prequalification class (or higher) – [*state actual requirements*].

Unincorporated joint ventures are not required to be prequalified to be eligible to tender. However, Contractors tendering for a contract as part of an unincorporated joint venture must each be prequalified for roadworks and/or bridgeworks prior to close of tenders. The contractors in the joint venture must jointly meet the prequalification requirements specified in the request for tender. For example, a contract requiring tenderers to have prequalification at R3 and B2 would require at least one of the contractors in the joint venture to have prequalification to R3 level, and one to have prequalification to B2. All contractors in the unincorporated joint venture must satisfy the prequalification financial level required for the contract.

5.2 PRE-TENDER MEETING AND SITE INSPECTION

If a pre-tender meeting or site inspection is held, the Tenderer or its representative must attend.

5.3 WORKPLACE RELATIONS MANAGEMENT

Without limiting the Tenderer's obligations under section 5.6 (if any), to the extent required by the Contract the Tenderer must demonstrate its commitment and capacity to plan and manage workplace relations and implement effective workplace relations management plans in accordance with the NSW Guidelines.

5.4 SKILLS, TRAINING AND DIVERSITY

To the extent required by the Contract the Tenderer must demonstrate its commitment and capacity to plan and manage training in accordance with the NSW Government Procurement Board Direction *Skills, training and diversity in construction*.

5.5 ABORIGINAL PARTICIPATION

To the extent required by the Contract the Tenderer must demonstrate its commitment and capacity to plan and facilitate Aboriginal participation in employment, training and development of Aboriginal enterprises in accordance with the NSW Government *Aboriginal Procurement Policy*.

In addition, for Federal funded projects subject to certain thresholds, it is a condition of participation that Tenderers agree to comply with the approved Indigenous Participation Plan (IPP). An IPP is requirement of the *Employment and Supplier – Use Infrastructure Framework*.

5.6 BUILDING CODE

To the extent required by the Contract, it is a condition for participation that Tenderers comply with the Building Code.

It is also a condition for participation in this tender that, at the time of lodgement of the tender, the Tenderer must not be precluded from tendering for Australian Government funded building and construction work.

6 LODGING A CONFORMING TENDER

6.1 TENDER FORM

All pages of the Tender Form must be initialled and both the Schedule to Tender Form and the Tender Price Summary Sheet properly completed and signed by or on behalf of the Tenderer as a binding legal offer to TfNSW. A scanned copy of the signed/initialled Tender Form is acceptable for the purpose of lodging an e-Tender.

6.2 GOODS AND SERVICES TAX

The tendered individual rates and prices must be exclusive of Goods and Services Tax (GST) but the total amount of GST, if it is payable, must be included as required in the Tender Form, Schedule of Rates and Schedule of Prices.

6.3 SCHEDULE OF RATES

The Schedule of Rates provided by TfNSW (if applicable) must be completed with all items listed being priced and with no new items added.

6.4 SCHEDULE OF PRICES

The Schedule of Prices (if applicable) must be prepared so as to meet the following requirements. The Schedule of Prices must:

- (a) include all items for which TfNSW has suggested a provisional quantity;
- (b) use the provisional quantities (if any) suggested by TfNSW;
- (c) only include items which form part of the Works described in the Tender Documents;
- (d) be fully priced; and
- (e) when all the prices and items are extended, equal the lump sum component of the Tender Price.

If the Schedule of Prices submitted by a Tenderer includes an item which is not acceptable to TfNSW or is not part of the Works described in the Tender Documents, TfNSW may insist on the item being deleted. If that occurs, the Schedule of Prices will be adjusted by agreement between TfNSW and the Tenderer to ensure that the total of the prices as extended of all remaining items continues to equal the lump sum component of the Tender Price.

6.5 TENDER PROGRAM

The tender program must be in the form of a bar-chart drawn to a weekly time scale and must (“**Tender Program**”):

- (a) detail the Tenderer’s proposals to complete the Works by the Contractual Completion Date;
- (b) detail the Tenderer’s proposals to complete Milestones by the Contractual Completion Date for those Milestones (if applicable);
- (c) show the date on which the Tenderer anticipates reaching Completion for the Works and for each Milestone (if applicable);
- (d) show the order and duration allowed for significant activities;
- (e) show inter-relationships between activities which are critical to the program logic;
- (f) show the highlighted critical path for each Milestone (if applicable) and for the Works;
- (g) include comments by the Tenderer as necessary to clarify, for tender evaluation purposes, the logic on which the Tender Price relies.

6.7 STATEMENT OF RECENT PROJECTS

The statement of recent projects must list the 10 most recent projects undertaken by the Tenderer which are similar to the proposed Works.

6.8 FEDERAL GOVERNMENT REQUIREMENTS

6.8.1 BUILDING CODE

The provisions of this section 6.8.1 apply to the Works the subject of this RFT where Annexure RFT2 specifies that the Building Code applies (because the Commonwealth funding above the minimum thresholds specified in Schedule 1 of the Building Code has been received for the Project).

- (a) The Tenderer agrees that it must include in its tender:

- (i) a signed "Declaration of Compliance" in the form of Annexure RFT6A ("*Declaration of Compliance*");
- (ii) the further information outlined in Attachment A to the Declaration of Compliance; and

to demonstrate the Tenderer's compliance with the Building Code.

- (b) To be eligible to tender for the Works the subject of this RFT, Tenderers must, on and from the date on which the Tenderers submits their response to this RFT, at all times meet the following eligibility requirements:

 - (iii) the Tenderer must be eligible to perform Commonwealth Funded Building Work;
 - (iv) subject to the exceptions set out in subsection 26(5) of the Building Code, the Tenderer must not have had an adverse decision, direction or order made by a court or tribunal for a breach of the BCIP Act, a Designated Building Law, work health and safety law (including, but not limited to, the *Work Health and Safety Act 2011* (NSW) and the *Work Health and Safety Regulation 2017* (NSW)) or competition and consumer law (including, but not limited to, the *Competition and Consumer Act 2010* (Cth)) and failed to comply with the decision, direction or order;
 - (v) the Tenderer must, if it is the successful tenderer, undertake to only use products in relation to the Works the subject of this RFT that, at a minimum, comply with the relevant Australian standards published by, or on behalf of, Standards Australia Limited (ABN 85 087 326 690); and
 - (vi) the Tenderer must demonstrate a positive commitment to the provision of appropriate training and skill development for their workforce.
- (c) Where Annexure RFT2(b) specifies that a Workplace Relations Management Plan (Commonwealth) is required (because the Commonwealth funding above the minimum thresholds specified in Schedule 2 of the Building Code has been received for the Project), it is a precondition to TfNSW entering into a contract with the Tenderer to perform the Works the subject of this RFT, that the ABCC has approved the Tenderer's Workplace Relations Management Plan (Commonwealth).
- (d) It is a precondition to TfNSW entering into a contract with the Tenderer to perform the Works the subject of this RFT that:
 - (i) the Tenderer confirms whether, within the three years preceding the date of this RFT, the Tenderer has:
 - a. had an adverse decision, direction or order made by a court or tribunal for a breach of a Designated Building Law, work health and safety law (including, but not limited to,

- the *Work Health and Safety Act 2011* (NSW) and the *Work Health and Safety Regulation 2017* (NSW) or the *Migration Act 1958* (Cth); or
- b. been required to pay any amounts under an adjudication certificate (provided in accordance with a law relating to the security of payments (including, but not limited to, the *Building and Construction Industry Security of Payment Act 1999* (NSW)), that are due to persons in respect of Building Work); or
 - c. owed any unsatisfied judgement debts (including by any Related Entity) to a Building Contractor or a Building Industry Participant; and
- (ii) the Tenderer must at no time be excluded from performing Building Work funded by a state or territory government (unless approval to engage the Tenderer has been obtained from the ABC Commissioner).
- (e) The Tenderer is required to provide the following information to TfNSW, which may be used in determining whether to award the Works the subject of this RFT to the Tenderer:

 - (iv) whether the project to which the Building Work relates will contribute to skills growth.

6.8.2 AUSTRALIAN GOVERNMENT WORK HEALTH AND SAFETY ACCREDITATION SCHEME

Where Annexure RFT2 specifies that the Australian Government Work Health and Safety Accreditation Scheme applies (because the Commonwealth funding above the minimum thresholds specified in section 26(c) and/or 26(d) of the *Building and Construction Industry – (Improving Productivity) (Accreditation Scheme) Rules 2019* has been received for the Project):

- (a) Tenderers must, as part of their response, submit a signed "Confirmation of Accreditation Status" in the form of Annexure RFT6B; and
- (b) the successful Tenderer:
 - (i) must be accredited under the Work Health and Safety Accreditation Scheme (“*the Scheme*”) established by section 43 the BCIP Act while carrying out 'building work' (as that term is defined in the BCIP Act); and
 - (ii) comply with all conditions of accreditation under the Scheme.

Where the Tenderer satisfies one of the exemptions to the requirement to be accredited under the Scheme specified in section 26 of the *Building and Construction Industry – (Improving Productivity) (Accreditation Scheme) Rules 2019*, the Tenderer will not be required to be accredited for the purposes of this RFT.

Tenderers' attention is drawn to section 26(g) of the *Building and Construction Industry – (Improving Productivity) (Accreditation Scheme) Rules 2019*, which outlines provisions applying to joint ventures that include accredited and unaccredited participants.

6.9 E-TENDERS

If the documents electronically submitted as part of an e-Tender do not include all of the required documents then the tender will be regarded as non-conforming.

The hard copy of each document submitted to the Principal must contain identical information as the same document that was lodged electronically. If there are any differences, the document lodged electronically will take precedence.

7 LODGING AN ALTERNATIVE TENDER

7.1 TENDERER MUST ALSO LODGE CONFORMING TENDER

The Tenderer may lodge an alternative tender as long as it also lodges a conforming tender.

A separate Tender Form, including Schedule to Tender Form and Tender Price Summary Sheet, must be submitted for each alternative tender with accompanying Schedule of Rates and Schedule of Prices, as appropriate.

Alternative tenders that are lodged electronically must be lodged as a separate e-Tender on the website referred to in the Conforming Tender Checklist (refer to Annexure RFT4).

TfNSW may consider the Tenderer's alternative tender even though the Tenderer's conforming tender is not the lowest in price.

7.4 CONDITIONS APPLICABLE TO ALTERNATIVE TENDERS

TfNSW may impose conditions on the acceptance of an alternative tender in addition to the conditions set out in the Tender Documents. This does not limit the right of TfNSW to accept any tender conditionally.

ANNEXURE RFT9 – TENDERER’S ABILITY TO WORK EFFECTIVELY WITH THE NSW GOVERNMENT

NOTES TO TENDER DOCUMENTER: *(Delete this boxed text after customising Annexure RFT9)*
Refer to section 2.2.4.3 of the Engineering Contracts Manual for guidance on when this evaluation criterion is to be specified as applicable to the project.
If the Registration of Interest (ROI) phase was undertaken for the project and this evaluation criterion was included and evaluated in the ROI phase, it does not need to be evaluated again at the Request for Tender (RFT) phase. It is required to be included and evaluated at the RFT phase for relevant projects only where the multi-staged tendering is not undertaken.

RFT Clause	Description	Project Requirement	Tenderer to Provide
11.2(p)	Is “Demonstrated capacity for successful collaboration with the NSW Government” applicable to evaluation of tenders?	Yes / No	Appendix 1 to Annexure RFT9

Referees

The Tenderer must provide the details of two appropriate referees for each Participant to demonstrate its and its Participants’ capacity for successful collaboration with the NSW Government, as set out in Appendix 1 to this Annexure RFT9.

The referees will be asked to verify past performance of the Tenderer and its Participants by:

- A. confirming that the Tenderer and its Participants have the ability to achieve outcomes;
- B. advising the extent of any legal and contract disputes with the Tenderer and its Participants;
and
- C. confirming the Tenderer’s and its Participants’ demonstrated commitment to working constructively with the NSW Government to resolve commercial issues.

Where the Tenderer and/or its Participants have contracted with Transport for NSW in the past five years and intend to nominate Transport for NSW as the referee, they should not provide a specific name of a Transport for NSW employee; it is sufficient to nominate Transport for NSW as one referee.

The Tenderer and its Participants who nominate Transport for NSW as the referee must nominate another referee, from another organisation, preferably Government. If the second referee is from Government, then the referee must be at the level equivalent to the General Manager or higher. Otherwise, the referee must be at the level of a chief executive officer or executive director.

Regardless of the Tenderer’s and/or its Participants’ nomination of referees, where the Tenderer and/or its Participants have contracted with Transport for NSW in the past five years, the Assessment Committee will obtain the performance data held by Transport for NSW on the Tenderer’s and/or its Participants’ collaboration with the NSW Government from relevant Transport for NSW personnel, including TfNSW Infrastructure and Place Division.

In the event that the Tenderer and its Participants have not previously worked for the NSW Government, the Tenderer must provide the details of two referees for each Participant from organisations that the Tenderer and its Participants have contracted with within the past five years, preferably for works greater than \$100 million. The referees must be at the level of a chief executive officer or executive director, with the ability to comment on the Tenderer's and its Participants' history of legal and contract disputes, and their ability to work constructively to resolve commercial issues.

Appendix 1 to Annexure RFT9

Where the Tenderer comprises of more the one Participant, the Tenderer is to provide separate schedule for each Participant.

Each Participant in the Tenderer is to answer the following question:

Has the Tenderer/Participant previously worked for the NSW Government?	Yes / No
--	-----------------

If the answer to the above question is “**Yes**”, each Participant in the Tenderer must provide details of two referees from the NSW Government agencies it has contracted with within the past five years, as set out below, who could comment on the Participant’s past performance and verify details set out in Annexure RFT9.

** Where the Tenderer and/or its Participants have contracted with Transport for NSW in the past five years and intend to nominate Transport for NSW as the referee, they should not provide a specific name of a Transport for NSW employee; it is sufficient to nominate Transport for NSW as one referee.*

If the answer to the above question is “**No**”, each Participant in the Tenderer must provide details of two referees from the organisations it has contracted with within the past five years, preferably for works greater than \$100 million. The referees must be at the level of a chief executive officer or executive director, with the ability to comment on the Participant’s past performance and verify details set out in Annexure RFT9.
