Pit Cover Lid & Frame

D) Conditions of use

1. Acceptable Product Record users shall verify with RMS whether this Acceptable Product Record is current and valid, when using in situations where current validity is required.
2. Please note following approval conditions:
 - a) The size and the shape of the product is not in compliance with the size and the shape requirement of the TSI-SP-055 V2.0
 - b) The Watertight version of the product must be used, which has a rubber seal surrounding the cover and plug for the lifting key
 - c) Where the products are used on a square pit, the customer/ installer shall be instructed to ensure that the lid and frame fit the pit with no gaps such that water and debris shall not enter the pit. Tri Underground Australia shall provide an instruction brochure detailing the installation procedure for installation onto square pits.
