

Pollution Incident Response Management Plan (website extract)

Rozelle James Craig Marina

Under Part 5.7 of the POEO Act, there is a duty to notify each relevant authority (identified below) of a pollution incident, where material harm to the environment is caused or threatened. Material harm includes actual or potential harm to the health or safety of human beings or to ecosystems, that is not trivial or that results in actual potential loss or property damage of an amount over \$10,000.

For any material harm pollution incidents Rozelle James Craig Marina staff will seek immediate assistance from the Sydney Region Environment Manager, Environment Manager Performance Improvement or Director Environment Sydney. Environment Branch will make the notification to the required authorities (listed below).

If a material harm pollution incident occurs and the Environment Branch staff listed above are not available, Rozelle James Craig Marina staff will make the notification to the required authorities (listed below).

Community Advice Mechanisms

Early warning for affected or potentially affected community members for any pollution incident will be communicated to those members via a door knock process.

For air pollution incidents that may affect community members, those community members may be asked to either close their doors and windows and stay indoors until further notice or to vacate the premises. For water pollution incidents that may affect community members, those community members may be asked to avoid use of the water until further notice.

RMS Roads and Maritime will provide regular updates of any pollution incidents either via letterbox drop, notices in local papers and/or via door knocks as required.
