

Project	Prospect Highway Upgrade
EPL Number	21295
EPL Link	<a href="https://www.rms.nsw.gov.au/documents/about/environment/environmental-compliance/21295.pdf">https://www.rms.nsw.gov.au/documents/about/environment/environmental-compliance/21295.pdf</a>
Licencee name	Transport for NSW
Licencee's address of premises	Prospect Highway between Reservoir Road, Prospect and St Martin Crescent, Blacktown
Monitoring frequency required by licence	Special Frequency 1
<p>Note: Special frequency 1 means:</p> <p>(a) Less than 24 hours prior to controlled discharge and daily for any controlled discharge; and</p> <p>(b) When rainfall causes a discharge from a basin which has not been emptied within 5 days of the cessation of a rainfall event.</p>	

- No monitoring data is currently available for this project as the site has not yet commenced operations which have required sediment basins or discharge point to become active.

In accordance with the conditions of EPL 21295, the EPA will be notified at least 48 hours prior to a sediment basin or discharge point becoming active.
