

Vehicle Safety Compliance Certification Scheme Bulletin 01

Published 2 November 2022 | Rev 214

Supersedes | Rev 213

Licensed certifiers

If you have a significantly modified vehicle or a non-standard vehicle, it must be inspected by a NSW Government accredited representative, known as a Vehicle Safety Compliance Certification Scheme (VSCCS) licensed certifier or an Approved Vehicle Examiner.

Light vehicles - To determine what is a significant modification to a light vehicle, refer to [Vehicle Standards Information Sheet 6 \(VSI 6\)](#).

Heavy vehicles - Customers can refer to the [National Heavy Vehicle Regulator Code of Practice for Approval of Heavy Vehicle Modifications for Heavy Vehicle modifications](#). Following the introduction of the Heavy Vehicle National Law (HVNL), NSW now accepts modification certificates for heavy vehicles from other jurisdictions. Click [here](#) to find a national Approved Vehicle Examiners.

The HVNL requires Approved Vehicle Examiners to certify modified heavy vehicles. For VSCCS purposes an 'Approved Vehicle Examiner' is a licensed certifier licensed to certify vehicle components or vehicles with a GVM exceeding 4.5 tonnes.

Vehicle and competency categories

Licensed certifiers are only authorised to assess vehicles and modifications within their particular areas of expertise. The table below sets out the vehicle and modification categories:

Vehicle category	Field of competency						
	Modified vehicles					Whole vehicles	
	Braking systems (C1)	Driving controls or aids (C2)	Seating or occupant protection (C3)	Engine, fuel systems or intake/ exhaust systems (C4)	Body, chassis or frame, suspension, steering, transmission or driveline, wheels, tyres or axles or lighting systems (C5)	Imported vehicle (IP)	All other vehicles (including individually constructed vehicle (AOV))
Motorcycle (M)	MC1	MC2	MC3	MC4	MC5	MIP	MAOV
Passenger vehicles (including buses <= 4.5 tonnes) (P)	PC1	PC2	PC3	PC4	PC5	PIP	PAOV
Bus GVM > 4.5 tonnes (B)	BC1	n/a	BC3	BC4	BC5 P* (Tow couplings)	BIP	BAOV
Light commercial (L)	LC1	LC2	LC3	LC4	LC5	LIP	LAOV
Medium and heavy vehicles and trailers (H)	HC1	HC2	HC3	HC4	HC5 J&P*(Body Fit & Tow Couplings)	HIP	HAOV

Please note: where a certifier has licence sub-category only eg HC5.6 you should speak to the certifier to confirm that they are licensed to certify the type of modifications you have undertaken.

Please note: 'J&P' refers to the certification of modifications of body fitments and tow coupling/fifth wheels.

Licensed certifiers

The table below shows a list of Transport for NSW approved VSCCS licensed certifiers as at the date of publication of this bulletin. This list is updated regularly.

Some licensed certifiers may provide a mobile certification service. You should discuss this with the individual licensed certifier.

✓ Indicates that no category restriction applies ie all categories for that vehicle type can be certified.

Contact VSCCS should you have any questions:
