

Routes assessed as NOT suitable for Controlled Access Buses operating under the National Class 3 Controlled Access Bus Exemption Notice 2019:

This document is UNCONTROLLED when downloaded or printed. This version supercedes all previously published versions. This list must be read in conjunction with the [Controlled Access Bus interactive map](#).

This is a list of roads that have been assessed and determined to be as unsuitable for Controlled Access Bus operations. If a road does not appear on this list it does not mean that the road is suitable for a Controlled Access Bus.

For enquiries about roads listed in this document please contact: roadfreight@rms.nsw.gov.au
