

Routes approved in NSW for access for Restricted Access Vehicles

This document contains a list of roads and areas approved for access for Restricted Access Vehicles when operating under a relevant notice in addition to the roads and areas displayed on the Restricted Access Vehicle and Road Train maps.

This list contains the approved routes, along with their conditions, to provide timely access for Restricted Access Vehicles for the current harvest as NSW transitions into drought recovery. This list will be transitioned onto the Restricted Access Vehicle and Road Train maps.

This document is uncontrolled when downloaded or printed. This version supersedes all previously published versions. This list must be read in conjunction with the [Restricted Access Vehicle](#) and [Road Train maps](#).
