

Have your say – Proposed new and extended clearways from Bankstown to Padstow Heights

The NSW Government is acting to reduce congestion and delays by introducing new and extended clearways on Sydney's roads.

Roads and Maritime Services is seeking feedback by **Friday 24 March** on a proposal to install new and extended clearways on Stacey Street, Fairford Road, Davies Road and Alford's Point Road between Hume Highway, Bankstown and Alford's Point Bridge, Padstow Heights.

The proposed extended and new clearway hours of operation are:

- 6am to 7pm on weekdays
- 9am to 6pm on weekends.

The existing parking restrictions on this corridor would continue to operate outside of the proposed clearway times.

We have included a map to show the location of the proposed clearways.

New and extended clearways would help to protect traffic flow and reduce delays by allowing us to tow vehicles that stop illegally or break down. The proposed clearways would ensure all lanes are available to traffic when the road is near capacity on both weekdays and weekends.

Have your say

We invite your feedback on the proposal by **Friday 24 March**. Please send your comments to clearways@rms.nsw.gov.au, 1300 706 232 or

Next Steps

Roads and Maritime will consider all feedback received before deciding whether to proceed with the proposal. We will keep you updated as the proposal progresses.

What is a clearway?

A clearway is a length of road where road users are not permitted to stop or park while a clearway is in operation. The drivers of public buses and taxis are permitted to stop when dropping off or picking up passengers.

If a vehicle is left on a clearway it will be towed away, usually to a nearby street, and fines apply.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please call the Transport Management Centre on 131 700.
