

## Night work planned to relocate utilities and remove medians on Princes Highway, north of Batemans Bay Bridge

Roads and Maritime Services will carry out night work on 14 November to relocate water utility services, and to remove medians as part of the Batemans Bay Bridge replacement project.

● Planned work areas. Wharf Road and Princes Highway, North Batemans Bay.

We will be working next to Wharf Road and Princes Highway for one night on **14 November 2019** between **7pm** and **7am**, weather permitting.

### What are we doing?

We are switching water services to new pipes to continue work on the new bridge and installing a water utility across Wharf Road. This work will involve digging and filling holes and include use of equipment such as excavators, a tipper, a concrete saw, hand tools and light vehicles.

We will also be removing medians from the Princes Highway at the intersection of Wharf Road and Princes Highway at the same time the utility work is carried out. This will involve excavators and trucks.

Work will be done out of standard working hours to reduce the impact to motorists and the community and to minimise unavailability of water due to the water main shut down.

Standard construction work hours are between **7am** and **6pm Monday to Friday**, and between **8am** and **1pm** on **Saturday**.

## What you need to know

There will be noise, lighting and traffic impacts associated with this work. Some households will be highly noise impacted and we will be contacting those people in person. To reduce the impact to motorists and the community, where possible, we will complete the noisiest work before **11pm** and direct lighting away from residences and businesses. Machinery and vehicles will also be switched off when not in use.

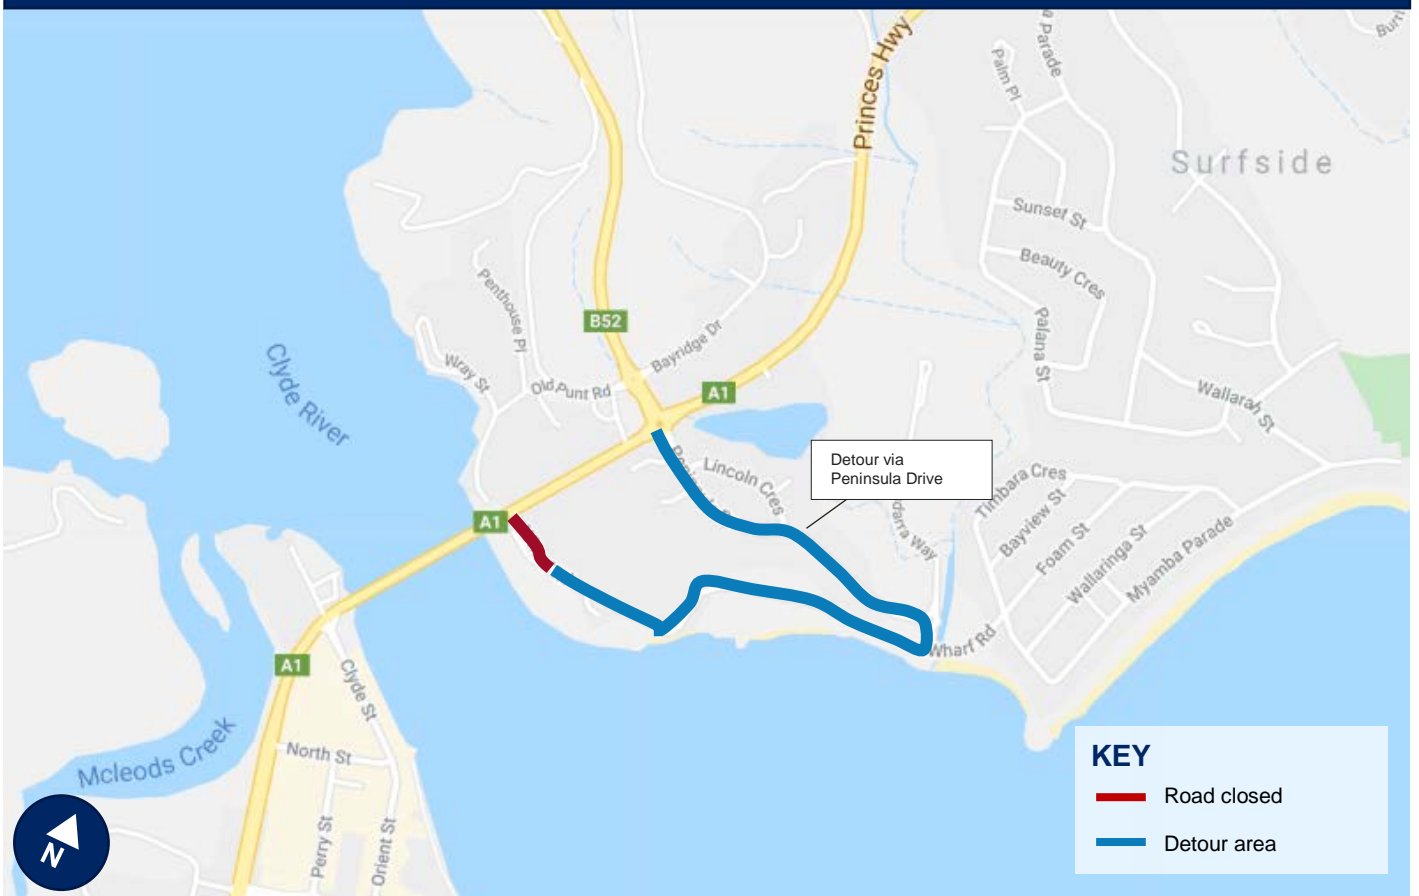

This work may cause minor impacts to your access to water services. Impacted residents and businesses will be notified by Eurobodalla Shire Council if access to your water services will be disrupted.

For the safety of workers and motorists the Wharf Road near the Princes Highway intersection will be closed during out of hour works.

Motorists can detour via Peninsula Drive and should plan their journey with an additional; two minutes travel time. Traffic control will be in place and motorists are advised to follow the direction of signs and traffic control.

For the latest traffic updates download the Live Traffic NSW App, visit [livetraffic.com](http://livetraffic.com) or call 132 701.
