

Transport for NSW

Campbelltown Road Upgrade Stage 1

Completion of work | July 2020

The newly upgraded Soldiers Parade intersection looking towards the Edmondson Square Town Centre.

Transport for NSW has completed Stage 1 of the Campbelltown Road upgrade between East Town Centre Road and Macdonald Road, Bardia. The NSW Government has invested \$76 million to provide a safer, more reliable journey with improved access to Campbelltown Road and increased road capacity to cater for future growth in the South West Growth Area.

What we have achieved

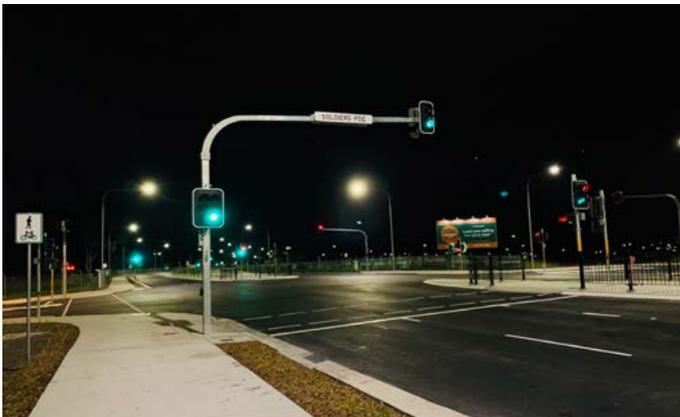

- widened 1.2 kilometres of Campbelltown Road from a two lane to a four lane divided road
- installed traffic lights at three intersections including Macdonald Road, Soldiers Parade and East Town Centre Road
- provided six new designated turning lanes
- relocated utilities such as gas, communications cables and water; and existing electrical power poles
- provided shared pathways on either side of Campbelltown Road
- installed designated bicycle and pedestrian crossings at all new traffic light intersections.

Campbelltown Road new eastbound lanes

New shared pathways on either side of Campbelltown Road

Newly installed traffic lights at Soldiers Parade intersection

Key benefits

- Improved safety and travel time for motorists and road freight
- Improved safety for pedestrians and cyclists
- Improved access to Edmondson Park train station and Edmondson Park town centre.

Thank you

Thank you for your patience while we delivered this important work. Your support is important as we continue to deliver safer and more efficient journeys throughout NSW.
