

Night work continuing on Showground Road, Castle Hill from Monday 26 August 2019

Roads and Maritime Services is upgrading Showground Road at Castle Hill to reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety for all road users.

Work is progressing to upgrade the remaining section between Kentwell Avenue and Pennant Street. We expect to complete this work in mid 2020.

We previously advised you about carrying out some work at night in August to minimise the impact to road users during the upgrade. We have had to reschedule some of this planned night work and we will now begin this work from next week. We will be on site for the night shifts on:

- **Monday 26 August**
- **Tuesday 27 August**

The night work will continue in September with six night shifts on:

- **Monday 2 September**
- **Tuesday 3 September**
- **Monday 16 September**
- **Tuesday 17 September**
- **Monday 23 September**
- **Tuesday 24 September**

Our work hours will be **between 9pm and 5am each night shift**, weather permitting. If we are unable to perform the night work earlier in the week, we will reschedule this work for an available night later in the week. We will notify you again if we need to carry out any additional night work.

Our night work will include utility investigation and relocation and removing concrete medians and line marking along Showground Road. The activities on site will include saw cutting, potholing and excavation.

The work will generate some noise however we will make every effort to minimise the impact.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
