## Night work on Showground Road, Castle Hill from Thursday 5 April

### The NSW Government is funding this \$41 million upgrade to Showground Road, Castle Hill to reduce congestion and increase traffic capacity.

Roads and Maritime Services is delivering this important project. The project will help to reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety at several intersections. As part of this work we will be continuing to upgrade Showground Road.

To minimise the impact to road users and residents this work will take place at night. Night work will be carried out from **Thursday 5 April to Thursday 31 May** between **8pm to 5am**, weather permitting.

This work will include:

- installing and relocating barriers and signage
- constructing the median strip
- asphaltting and line marking
- landscaping.

There will be up to **five night shifts per week**, with no more than **three** consecutive night shifts carried out in the same location.

Day time work will continue. Our day time working hours are between **7am** and **6pm** from **Monday to Friday** and between **7am** and **1pm** on **Saturday**, excluding public holidays.

### Temporary daytime closure of Cecil Avenue

From **Friday 6 April to Thursday 12 April** Cecil Avenue will be closed during the day shifts between **7am to 6pm** on weekdays to complete work on the road median. Cecil Avenue will be open outside of construction hours and over the weekend.

Detours via Cheriton Avenue and Carrington Road will be in place during the work. Traffic controls will be in place to ensure the safety of motorists and road workers.

We have included a map to show the traffic changes and area of work.

### How will the work affect you?

A combination of day and night work is required to maintain safety and balance the impact to nearby residents and local motorists.

There will be some construction noise and lights associated with this work. We will make every effort to minimise noise by arranging the work in stages at different locations across this period. We will focus portable light on the working area to minimise light spilling over into nearby residences.

## Traffic changes

Temporary traffic changes are in place along Showground Road to ensure the work zone is safe for road workers and motorists. **A speed limit of 40 kilometres per hour will continue to be in place.** Electronic message signs will advise road users about the traffic changes. Please keep to speed limits and follow the direction of traffic controllers and signs.
