

Essential night work on Showground Road, Castle Hill from Monday 5 December to Wednesday 14 December

The NSW government is funding this \$41 million project to reduce congestion and increase traffic capacity to meet predicted growth in the area.

Roads and Maritime Services needs to carry out essential repair work to the road surface which has been damaged on the new east bound lane and road shoulder on Showground Road, Castle Hill, between Carrington Road and Cecil Avenue.

To maximise the efficiency of the repairs we will carry out work during our standard construction hours, **7am to 6pm, Mondays to Fridays**, and **8am to 1pm, Saturdays**. However, to lessen the impact on road users, the repair work will also be carried out over **four night shifts from Monday 5 December to Wednesday 14 December**, weather permitting. Our work hours will be **8pm to 5am**.

We have included a map to show where the work will take place.

How will the work affect you?

There will be some obstructions, noise and light associated with this work. We will make every effort to minimise impacts, including ensuring our work program allows opportunities for respite.

Traffic changes

During this work, temporary traffic changes will be in place on Showground Road between Carrington Road and Cecil Avenue to ensure the work zone is safe for road workers and motorists. **A speed limit of 40km/h will continue to be in place.** Electronic message signs will advise road users about the traffic changes.

There will be some delays along Showground Road due to the changed traffic conditions. Motorists are asked to allow extra time to travel. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, would like to register for project updates or have any feedback, please call Seymour Whyte Constructions on 1800 787 417 or email community@seymourwhyte.com.au.
