

## Start of work on Showground Road, Castle Hill from Monday 13 May 2019

Roads and Maritime Services is upgrading Showground Road at Castle Hill to reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety for all road users

The Showground Road upgrade between Carrington Road and Kentwell Avenue was completed in 2018. The upgrade of the section between Kentwell Avenue and Pennant Street was postponed to understand the extent of development proposals in the area, particularly Castle Towers.

Roads and Maritime Services will start work on the upgrade from **Monday 13 May** with expected completion in early 2020.

The upgrade will:

- widen Showground Road to four lanes between Kentwell Avenue and Pennant Street with additional turning lanes
- upgrade the Showground Road and Pennant Street intersection to include additional turning lanes and a bus priority measure

- install new traffic lights and increase safety at the intersection of Showground Road and Cheriton Avenue
- build new footpaths on both sides of the road.

The first activities on site will include:

- establishing the site compound including setting up site offices and amenities and creating access roads for construction vehicles
- installing traffic controls, such as barriers, signs and line marking along Showground Road
- removing trees, shrubs and other vegetation on both sides of Showground Road
- creating a new footpath for pedestrians on the southern side of Showground Road while maintaining access to the existing footpath along the northern side
- investigating existing underground utilities.

These activities will start from **Monday 13 May**. There will also be some surveying and material deliveries (two truck movements a day) to deliver material to establish the site compound between **Wednesday 8 May and Friday 10 May**.

## Our work schedule

Our standard working hours on the project will be between **7am** and **6pm** from **Monday to Friday** and between **8am** and **1pm** on **Saturday**.

Some work will take place at night to minimise impact on motorists and residents. There will be up to **two night shifts** per week. Night work will be carried out between **8pm** and **5am** from **Sunday to Friday**. We will notify the community in advance of any additional night work required.

## Traffic changes

As part of the upgrade, Roads and Maritime will permanently close access between Kentwell Avenue and Showground Road to maintain safety and traffic flow.

Temporary traffic changes will be in place along Showground Road to ensure the work zone is safe for road workers and motorists. Access between Cheriton Avenue and Showground Road will be closed to all traffic during construction. Access will still be available for Cheriton Avenue residents.

Electronic message signs will advise road users about the traffic changes. Please keep to speed limits and follow the direction of traffic controllers and signs.

## Contact us

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, or would like to sign up for our emailing list, please contact our delivery partner, Burton Contractors.

**Call:** 1800 787 417 (during business hours)
