

Night work and traffic changes on Showground Road, Castle Hill, from Monday, 6 March

The NSW Government is funding a \$41 million upgrade to Showground Road, Castle Hill, to reduce congestion and increase traffic capacity.

Roads and Maritime Services is continuing to deliver this important project. The project will help reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety at several intersections.

Traffic change on Showground Road from Monday, 13 March

Traffic will be moved onto the eastbound lane and shoulder of Showground Road between Cheriton Avenue and Cecil Avenue from **9pm** on **Monday 13 March**, weather permitting. This traffic arrangement will remain in place until **September 2017**.

Concrete barriers along Showground Road will be extended from Cecil Avenue to Cheriton Avenue for the safety of motorists and workers. Parking restrictions will also be in place with the closure of road shoulders along Showground Road.

Access for residents and businesses will be maintained at all times.

We have included a map to show the traffic changes and area of work.

Night work on Showground Road from Monday, 6 March

To prepare for the traffic changes, we will carry out night work from Cheriton Avenue to Cecil Avenue between **8pm** and **5am**, from **Monday, 6 March** to **Sunday, 19 March**. Night work will continue during this period for the safe completion of the traffic switch.

Night work is also continuing along Showground Road and nearby streets for the installation of drainage, relocation of utilities and repair of road pavement. Our working hours will be between **8pm** and **5am**, from **Monday, 6 March** to **Friday 28 April**, weather permitting.

There will be up to **five night shifts per week**, weather permitting, with no more than **three** consecutive night shifts carried out in the same location.

How will the work affect you?

Work will continue to be done during standard construction hours from **Mondays to Fridays** between **7am** and **6pm** and **Saturdays** between **7am** and **1pm**, excluding public holidays. However, a combination of day and night work is required to maintain safety and balance the impact to nearby residents and local motorists.

There will be some noise and light associated with this work. We will make every effort to minimise the impact by arranging the work in stages at different locations to allow opportunities for respite. Our work may be noisy at times but we will minimise the impact by finishing noisier tasks as early as possible in the evening.

Traffic changes

Temporary traffic changes will be in place along Showground Road to ensure the work zone is safe for road workers and motorists. **A speed limit of 40km/h will continue to be in place.** Electronic message signs will advise road users about the traffic changes. Please keep to speed limits and follow the direction of traffic controllers and signs.

The intersection of Showground Road and Cecil Avenue will reopen to through traffic in **late April 2017**, weather permitting.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please call Seymour Whyte Constructions on **1800 787 417** or email community@seymourwhyte.com.au For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.
