

September 2017

Night work and traffic changes on Showground Road, Castle Hill from Tuesday 3 October

The NSW Government is funding this \$41 million upgrade to Showground Road, Castle Hill to reduce congestion and increase traffic capacity.

Roads and Maritime Services is delivering this important project. The project will help to reduce congestion and increase traffic capacity to meet the predicted growth from development in the area and improve safety at several intersections.

As part of the project, upgrade work is continuing along Showground Road from Carrington Road to Cheriton Avenue and on nearby streets.

This work will include:

- installing and relocating barriers and signage
- installing and relocating drainage and other utilities
- road widening, construction of new road pavements and new footpaths
- asphaltting and line marking road surfaces
- installing and upgrading traffic signals
- landscaping.

To minimise impact to road users, some of this work will be carried out at night. There will be up to **five night shifts per week**, with no more than **three** consecutive night shifts carried out in the same location.

Night work will continue to be carried out from **Tuesday 3 October** to **Friday 22 December**, weather permitting. Our working hours will be between **8pm** and **5am**. Night work will not be carried out on Friday or Saturday evenings or on public holidays.

Day time work will also continue. Our day time working hours are between **7am** and **6pm** from **Monday to Friday** and between **7am** and **1pm** on **Saturdays**.

Traffic changes

Temporary traffic changes are in place along Showground Road to ensure the work zone is safe for road workers and motorists. **A speed limit of 40 kilometres per hour will continue to be in place.** Electronic message signs will advise road users about the traffic changes. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

How will the work affect you?

A combination of day and night work is required to maintain safety and balance the impact to nearby residents and local motorists.

There will be some construction noise and lights associated with this work. We will make every effort to minimise the impact by arranging the work in stages at different locations across this period. Every effort will also be made to focus lights only on the working area to minimise light spilling over into nearby residences.

Notice to HSC students

Students are advised to allow extra time to travel to their HSC exams during October 2017. Traffic delays along Showground Road are likely and this may lead to increased levels of traffic on nearby residential streets. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

We are committed to minimising the impact of construction on the community and will continue to keep you informed as the project progresses. If you have any questions, would like to register for project updates or have any feedback, please call Seymour Whyte Constructions on **1800 787 417** or email community@seymourwhyte.com.au For more information on our projects, visit rms.nsw.gov.au

Thank you for your patience during this important work.
