

Night work on Showground Road, Castle Hill from Monday 12 August 2019

Roads and Maritime Services is upgrading Showground Road at Castle Hill to reduce congestion, increase traffic capacity to meet the predicted growth from development in the area and improve safety for all road users.

Work is progressing to upgrade the remaining section between Kentwell Avenue and Pennant Street. We expect to complete this work in mid 2020.

To minimise the impact to road users during the upgrade, we will carry out some of this work at night. Our night work will include utility investigation and relocation and removing line marking along Showground Road.

We will be on site for four night shifts on **Monday 12 August, Tuesday 13 August, Monday 19 August and Tuesday 20 August**, weather permitting. Our work hours will be between **9pm** and **5am** each night

If we are unable to perform the night work earlier in the week, we will reschedule this work for an available night later in the week.

How will the work affect you?

The activities on site will include saw cutting, potholing and excavation.

The work will generate some noise however we will make every effort to minimise the impact. Temporary traffic changes will be in place to ensure the work zone is safe for road workers and motorists. We will notify you in advance if we need to carry out any extra night work.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact us

If you have any questions, or would like to sign up for our emailing list, please contact our delivery partner, Burton Contractors.
