

Chiswick Wharf and interchange upgrade

ALTERNATIVE TRANSPORT DURING CONSTRUCTION

January 2017

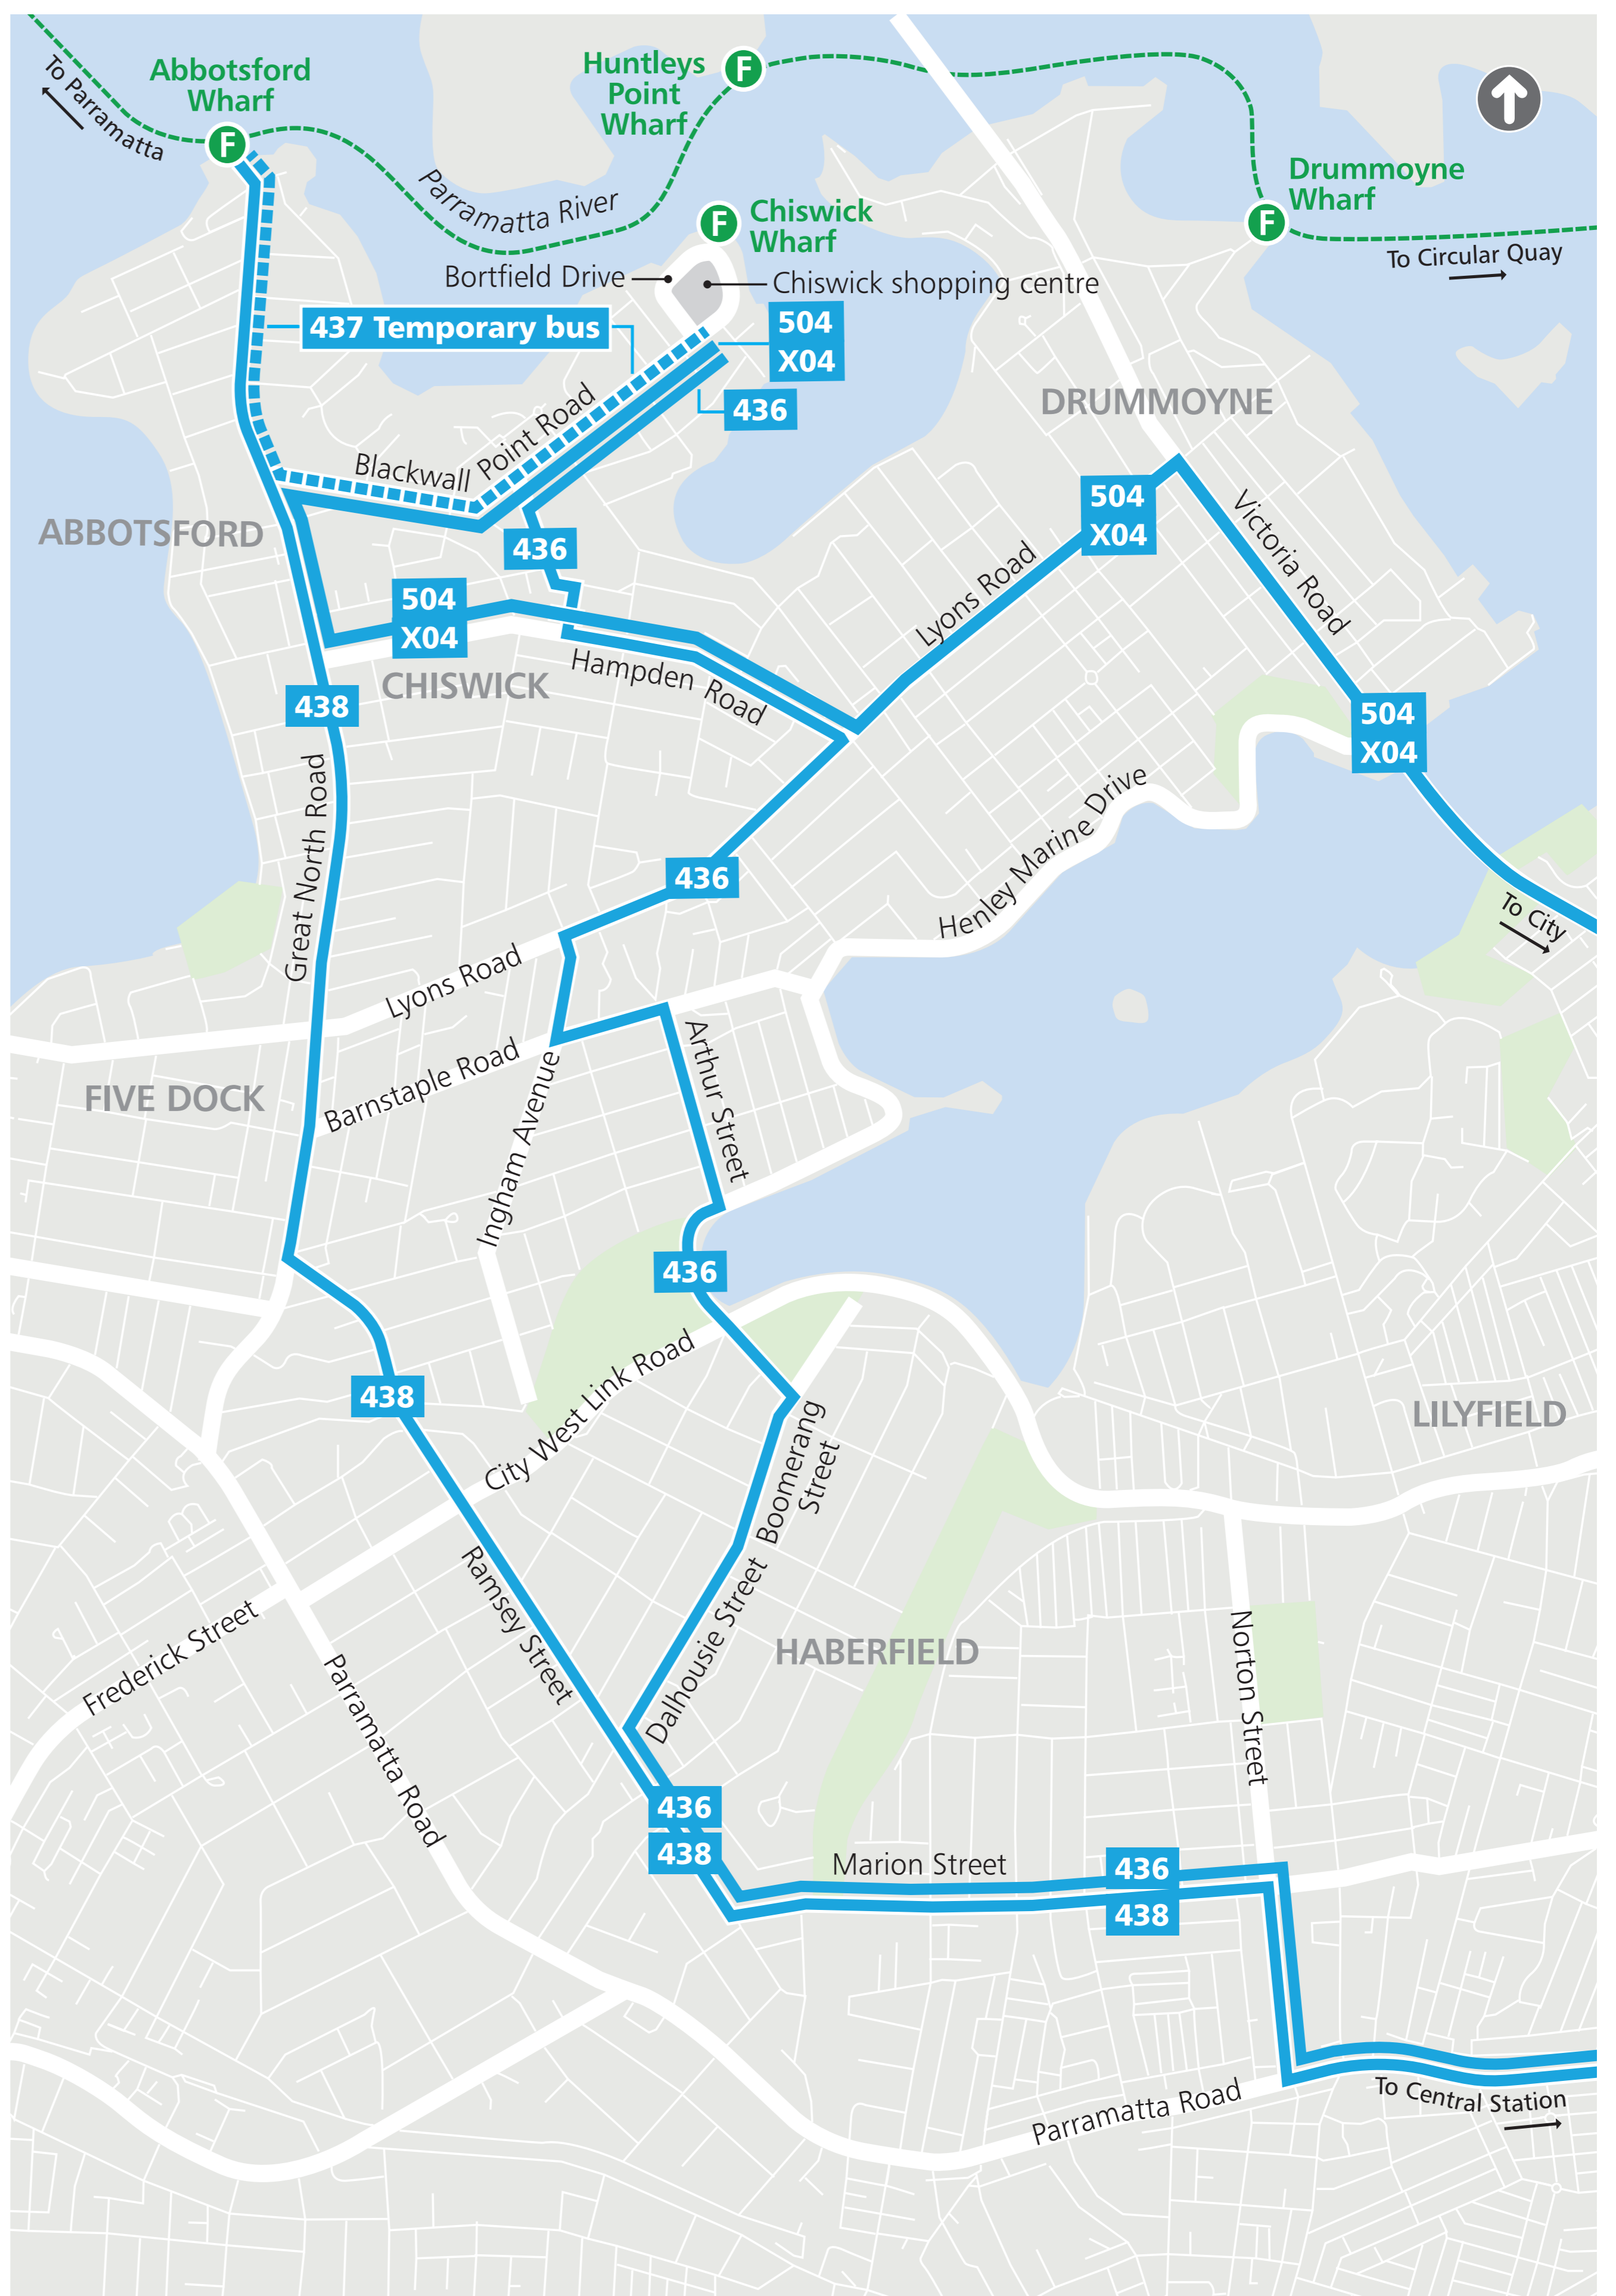

Chiswick Wharf will be closed during construction for about five months

Customers will be able to catch a temporary shuttle bus 437, operating between Chiswick shopping centre and Abbotsford Wharf, to connect with Parramatta River ferry services. During peaks the shuttle will run at approximately 30 minute intervals connecting to selected peak hour ferry services. Outside of peaks the shuttle will connect to all ferries. The shuttle will drop off and pick up at all stops on Blackwall Point Road.

Customers travelling to the city can also catch existing bus services 504/X04 to Town Hall and 436 to Central Station.

PLAN YOUR TRIP

We encourage customers to plan their trip by visiting transportnsw.info or calling **131 500** before starting their journey. Customers will need to allow extra time for their journey.
