

Work continues on Devlin Street, Ryde

Transport for NSW | April 2021

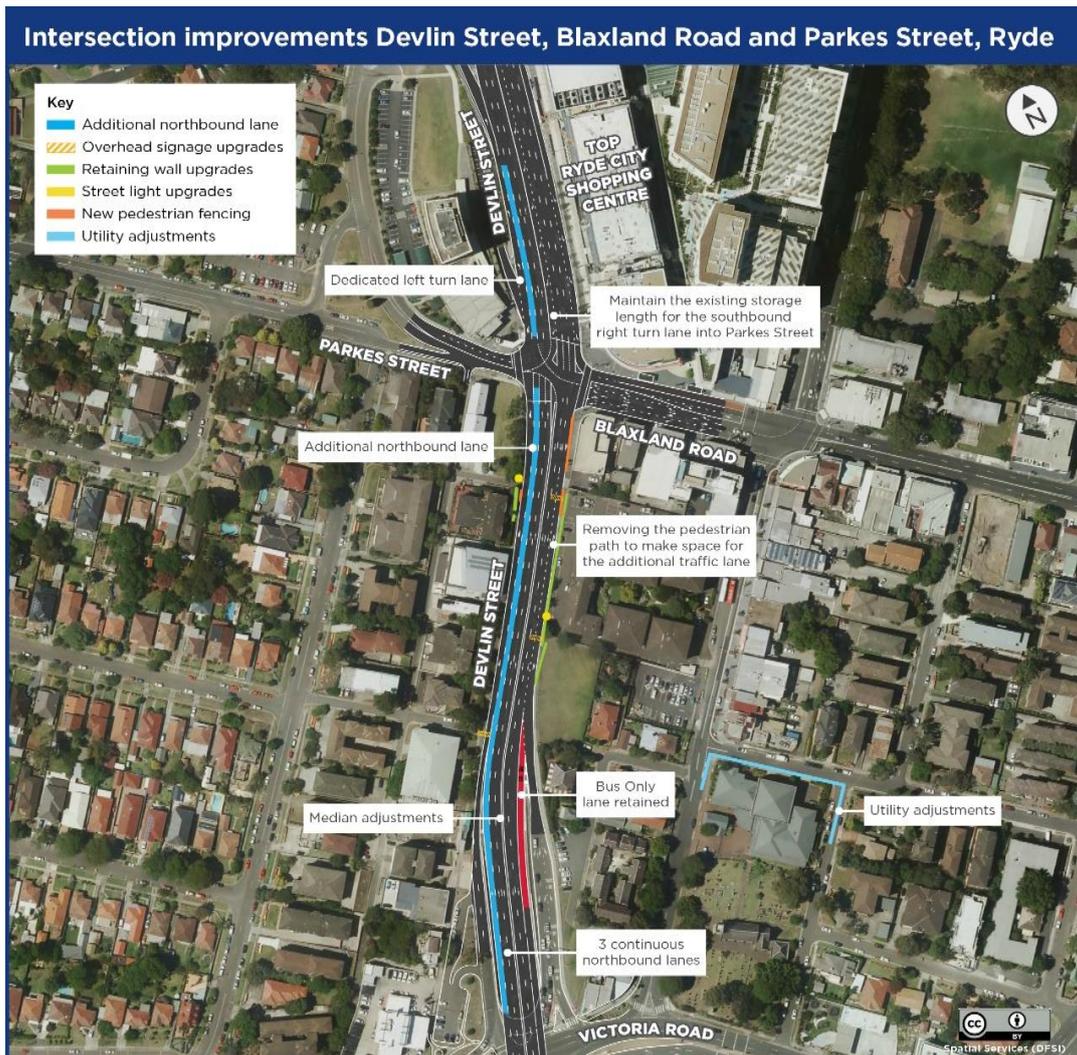

The Australian and NSW Governments are taking action to improve Sydney’s road network, easing congestion and improving traffic flow, travel times and road safety.

We are adding a fourth northbound lane on Devlin Street between Victoria Road and Blaxland Road, allowing for more vehicles to pass through the intersection.

Work to date

In the past three months we have:

- upgraded the retaining wall at 1-3 Devlin Street
- upgraded the stormwater drain along Blaxland Lane
- relocated electrical cables on Little Church Street, Gowrie Street and Church Street

- reduced the awnings on some buildings on the western side of Devlin Street
- started to relocate underground electricity, water and telecommunications utilities along Devlin Street.

What's happening next?

Between **Monday 26 April** and **Saturday 24 July** along Devlin Street we will:

- continue to relocate underground electricity, and telecommunications utilities
- start to relocate underground gas
- install stormwater drains.

We will also install new overhead signage and continue to upgrade the retaining wall at 11-17 Church Street.

Our work schedule

We will be on site for **60 night** and **72 day shifts** between **Monday 26 April** and **Saturday 24 July**, weather permitting. We won't work on public holidays.

Our day work hours will be between **7am** and **6pm** from Monday to Friday and **8am** to **1pm** on Saturdays.

Our night work hours will be between **8pm** and **5am** from Sunday to Friday.

How will the work affect you?

Our night work may be noisy at times. We will do everything we can to minimise its impact, including staging the work in different locations along the work zone and completing the noisier activities by **midnight**.
