

Investigation Work on Devlin Street, Blaxland Road and Parkes Street, Ryde

The NSW Government is funding this proposal as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney's busiest road corridors.

Roads and Maritime will carry out utilities survey and geotechnical investigation work to assist Devlin Street, Blaxland Road and Parkes Street intersection improvement planning and development.

Proposed work includes locating under and above ground utilities, trenches and deep boreholes.

We have included a map to show the location of the work.

Our work schedule

We will be on site for **seven night shifts** between **Wednesday 13 June** and **Friday 13 July 2018**, weather permitting. Our night work hours will be between **9.30pm** and **4.00am**, from Sunday to Thursday. We will not work on Friday or Saturday nights or on public holidays.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier activities, like saw-cutting concrete, jack-hammering and breaking up concrete, by **11pm**. We will not work more than two consecutive nights per week in the same location.

Traffic changes

There will be some temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures may be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions or would like to receive email notifications of project updates, please contact us on 1800 572 004 (during business hours) or pinchpoint@rms.nsw.gov.au.

Thank you for your patience during these important works.
