

Work continues on Devlin Street, Ryde

Transport for NSW | January 2021

The Australian and NSW Governments are taking action to improve Sydney's road network, easing congestion and improving traffic flow, travel times and road safety.

We are widening Devlin Street to provide an additional northbound lane between Victoria Road and Blaxland Road, allowing for more vehicles to pass through the intersection.

Work to date

Since work started last year, we have:

- installed safety barriers along the worksite
- installed environmental erosion and sediment controls
- installed project signage

- tested the existing ground conditions, identified the underground utility services and undertaken survey activities
- completed retaining wall investigations.

What's happening next?

In early 2021 we will:

- continue to relocate underground electrical, water, gas and telecommunication utilities along Gowrie Street and Devlin Street
- install a new stormwater drains along Blaxland Lane - this involves cutting the road and digging a trench to lay stormwater pipes
- begin construction of new retaining walls at 1-3 Devlin Street and 11-17 Church Street
- adjust the awnings at 5-9 Devlin Street.

Our work schedule

We will be on site for **62 night** and **74 day shifts** between **Sunday 24 January** and **Saturday 24 April**, weather permitting, excluding public holidays.

Our work hours will be between **7am** and **6pm** from Monday to Friday and **8am** to **1pm** on Saturdays.

We will also be working five nights a week during this time. Night work hours will be between **8pm** and **5am** from Sunday to Friday.

How the work will affect you?

Our night work may be noisy at times. We will do everything we can to minimise its impact, including staging the work in different locations along the work zone and completing the noisier activities by midnight.

Traffic changes

A section of Blaxland Lane between Belmore Lane and Devlin Street may be temporarily closed from **Wednesday 27 January** and **Sunday 28 February** to install the stormwater drainage and construct the new retaining wall. The closures may be in place between 8am and 4pm Monday to Friday and between 8am to 1pm on Saturdays.

Access to parking off Blaxland Lane will be maintained during the work. Traffic controllers, electronic message boards and signage will be in place to assist motorists and pedestrians through the area.

There will be other temporary traffic changes during our work hours to ensure the work zone is safe.

Please keep to speed limits and follow signs and traffic controller's directions. For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the **Live Traffic NSW App**.
