

New clearways on Elizabeth Drive

Between M7 Motorway, Cecil Hills and Hume Highway, Liverpool

Project Update | July 2018

The NSW Government is funding this project as part of its \$121 million Clearways Program, which aims to reduce congestion and delays on Sydney's roads.

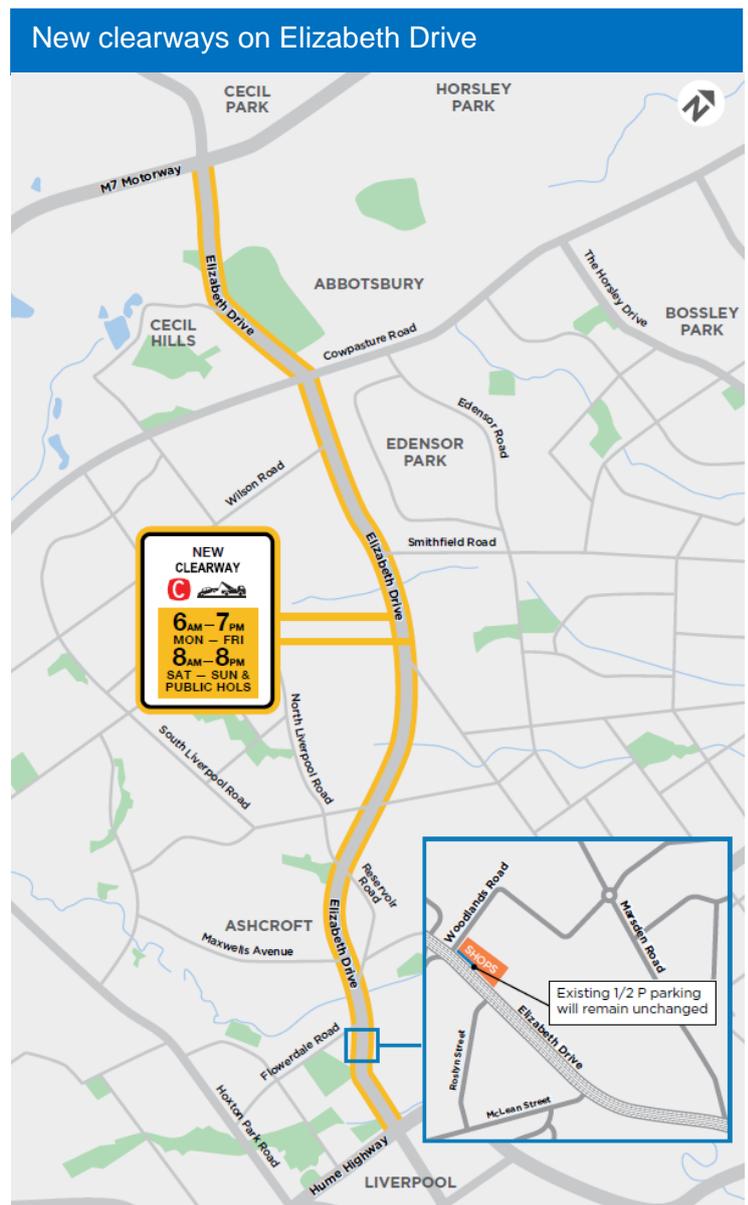

In May 2018, Roads and Maritime Services engaged with the community, businesses and key stakeholders about introducing new clearways on Elizabeth Drive between M7 Motorway, Cecil Hills and Hume Highway, Liverpool. We have included a map to show the clearway hours and location of the new clearways.

Roads and Maritime invited feedback on alternate business parking from the community by 12 June 2018. We used a number of methods to inform the community about the new clearways. We distributed letters to residents, businesses and key stakeholders within close proximity to Elizabeth Drive; doorknocked businesses and key stakeholders; held an Information Kiosk at Macquarie Mall, Liverpool and used Facebook to inform motorists and the broader community.

During the engagement period, Roads and Maritime received two enquiries, which will be responded to directly. We will be proceeding with installing the new clearways on Elizabeth Drive between M7 Motorway, Cecil Hills and Hume Highway, Liverpool.

The existing parking restrictions on Elizabeth Drive will continue to operate outside these clearway times. The existing bus zones and transit lane will continue to operate with no change.

No changes will be made to the indented parking bay on Elizabeth Drive in front of shops at the intersection of Woodlands Road, as shown on the map.

What happens next?

The new clearway signs and posts will be installed between **Saturday 7 July 2018** and **Sunday 22 July 2018** (weather permitting). Our working hours will be between **8pm** and **5am** from **Monday to Sunday**.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions.

The new clearways will be operational on Elizabeth Drive from **Monday 23 July 2018**.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

How will the work affect you?

There will be some noise associated with this work but we will do everything we can to minimise its impact, including completing the noisier tasks by **11pm**.

If you have any questions about the installation works, please contact our delivery partner, **DM Roads** on **1800 332 660**.

As a resident or visitor, what does this mean for me?

The new clearways will change the ability to park or pick up and drop off family, friends and deliveries in front of properties along Elizabeth Drive. If you currently live or visit this section of Elizabeth Drive, you will need to reconsider where to park during the clearway hours.

If you do not have a driveway, garage or carport on your property, local streets are available for you to park during the clearway hours subject to any council restrictions. Outside the clearway hours, existing parking restrictions will remain in place.

As clearways continue to be rolled out across Sydney, you, your family and friends will experience more efficient, safer, and more reliable journey times. This means less time in the car, and more time doing the things you enjoy.

What is a clearway?

A clearway is a section of road where stopping and parking is not allowed during the times shown on the clearway sign. Clearways are put on key arterial roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists. The only exception is the stopping of buses and taxis dropping off or picking up passengers as well as emergency vehicles.

The new clearways will help to improve traffic flow and reduce delays by removing parking and allowing us to tow vehicles that stop illegally or break down.

If you park in a clearway during the clearway hours, you risk being fined and your vehicle can be towed.

To report a vehicle parked in a clearway or if your vehicle has been towed from a clearway, please call the Transport Management Centre on 131 700.
