

Night work on Empire Bay Drive and The Scenic Road intersection, Kincumber from Sunday 22 March

The NSW Government is investing \$20 million to upgrade the Empire Bay Drive and The Scenic Road intersection to improve traffic flow and safety for road users.

Transport for NSW is upgrading the existing roundabout at Empire Bay Drive, The Scenic Road and Cochrone Street at Kincumber to provide two lanes in each direction, to reduce congestion and improve safety.

We would like to thank the community for their patience and cooperation during the delivery of this intersection upgrade.

Work is continuing to be carried out between **7am** and **6pm** on weekdays and between **8am** and **1pm** on Saturdays, weather permitting.

We are now moving into the final stage of the project and based on feedback received, we have proposed a schedule to ensure we can complete the remaining work as quickly as possible.

We will be working at night from **Sunday 22 March**. We will be working between **6pm and 5am** from **Sunday to Friday** and expect to complete the work in **10 shifts**, weather permitting. We will let you know in advance if we need to do any work outside these times.

Work will include:

- Asphalt resurfacing
- Concreting
- Line marking.

We then aim to pause night work for a week to give residents some respite, before restarting night work between **6pm and 5am Sunday to Friday** from **Sunday 12 April** for another **10 shifts**.

This schedule will enable us to open the second northbound lane on Empire Bay Drive between Cochrone St and Avoca Drive in early April and complete the intersection upgrade in May, weather permitting.

How will the work affect you?

The work will involve the use of machinery which generates noise. We will make every effort to minimise noise by undertaking noisier activities where possible before 11pm, completing the work in stages along this section of road and turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures and traffic controllers will be in place during work hours.

Cochrone Street will be closed at the Empire Bay Drive roundabout during some night shifts. Motorists will need to use Kerta Road and Hawke Street to access Cochrone Street. Cochrone Street will reopen to traffic daily on completion of the night shift.

A permanent 40 km/h reduced speed limit remains in place through the work zone for the safety of motorists and workers. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
