

Night work at Empire Bay Drive and The Scenic Road intersection, Kincumber from Sunday 23 September

The NSW Government is providing \$20 million to upgrade the Empire Bay Drive and The Scenic Road intersection to improve traffic flow and safety for road users.

Roads and Maritime Services is upgrading the existing roundabout at Empire Bay Drive, The Scenic Road and Cochrone Street at Kincumber to reduce congestion and improve safety for road users.

The project involves upgrading the roundabout from one lane to two lanes in each direction, building new shared pathways and footpaths, resurfacing the road and improving safety at nearby intersections.

Night work will be carried out for **five nights** from **Sunday 23 September**, weather permitting, in preparation for the pedestrian activated traffic lights to be switched on. We will be working between **6pm** and **5am**.

The new traffic lights will replace the existing pedestrian refuge between Kincumber Creek and Sundowner Avenue.

The night work will include:

- Line removal and installation of new road marking
- Removal of the existing pedestrian refuge.

In addition work will be carried out to:

- Remove the roundabout and concrete approach islands.
- Replace the existing roundabout and approach islands with temporary kerb
- Install a new surface on the roundabout and approach islands
- Install new stormwater drains.

Work will continue to be carried out between **7am** and **6pm** on **weekdays** and between **8am** and **1pm** on **Saturdays**, weather permitting.

How will work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by completing noisier activities earlier in the night and turning off machinery and vehicles when not in use.

Traffic changes

Lane closures and traffic control will be in place during work hours and may affect travel times.

A permanent 40 km/h reduced speed limit remains in place through the work zone for the safety of motorists and workers.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact the project information line on 1800 670 016.
