

APRIL 2015

Field investigation work on Beecroft Road, Epping from Monday 4 May

The NSW Government is funding the proposed upgrade of roads in Epping Town Centre to improve traffic flow, reduce traffic delays and improve road safety for future population growth in the area.

To inform the design for the proposed road upgrades, Roads and Maritime Services will carry out geotechnical investigation work in the eastern kerb lane of Beecroft Road north of Carlingford Road.

This work will include drilling boreholes to assess conditions below the road surface. We have provided a map to help better explain the location of work.

This work will be carried out in four shifts between **8pm and 5am** from **Monday 4 May to Friday 8 May**, weather permitting.

Lane closures will be in place while the work is carried out to ensure the safety of road users and our workers. Road users are asked to follow the direction of traffic controllers, adhere to reduced speed limits and follow traffic signs.

There will be some noise associated with this work, but every effort will be made to minimise the impact on residents and businesses.

We apologise for any inconvenience this work may cause and appreciate the patience of residents and road users.

For more information please contact our delivery partner GHD on 1800 810 680 or email community.input@ghd.com.

Outside business hours, or for more information on scheduled road work, visit www.livetraffic.com or download the Live Traffic NSW application or call 132 701.
