

Improvements to Epping Road, between Essex Street and Blaxland Road

Project update

Roads and Maritime Services | March 2018

The NSW Government is funding this project through the Housing Acceleration Fund to improve traffic flow, reduce congestion and support population growth in Epping Town Centre.

Roads and Maritime Services is delivering this project, which involves widening Epping Road westbound between Essex Street and Blaxland Road, and improving the intersection at Epping Road and Essex Street.

Night work

Roads and Maritime invited feedback in June 2017 on a proposal to work up to 140 night shifts over 15 months. We received feedback from two people who opposed the night work. Night work was then delayed due to complex issues with utility designs.

We are now seeking feedback on our proposal to complete the project by working **five nights a week** and **six days a week** over four months. Some 24 hour work may also be required.

This proposed road work schedule will enable us to complete the project before the Epping to Chatswood rail line is upgraded to Sydney Metro standards in late 2018. While the rail line is being upgraded, buses will replace trains for around seven months, as part of the Temporary Transport Plan.

We will write to you again before starting our new road work schedule.

We have included a map that indicates where some construction noise may be heard. Please note this is a guide only and impacts will vary depending on your closeness to the work zone.

Have your say

We have an update to the Review of Environmental Factors on display at **Epping Library** on Chambers Court (off Pembroke Street), Epping and the **Christian Chinese Community Service Centre** at 41 Essex Street, Epping. The update is also available at rms.nsw.gov.au/eppingstage2.

If you would like to make a submission to the update, or provide feedback on the proposed night work schedule, it must reach us by **5pm on Tuesday, 3 April, 2018**.

The submission should be sent to:
nsw_projects@dmroads.com.au or

DM Roads, Epping Town Centre

PO Box 6465 North Ryde 2113

Your submission should include your name and address and a statement on whether you support or object to the proposed work schedule and the reasons for your support or objection.

Please note this consultation is only about the work schedule, we will not consider submissions about the wider proposal.

Register for updates

If you would like to be kept up to date on the work please email nsw_projects@dmroads.com.au.

Meet the project team

If you would like to discuss the project and noisy work respite options, please contact the DM Roads team on 1800 332 660 or nsw_projects@dmroads.com.au.

Traffic changes

Right turns out of Forest Grove onto Epping Road eastbound will not be permitted from March 2018. These changes are part of the final road design.
