

# Work continues on the Herring Road improvements, Macquarie Park

Transport for NSW | February 2021

## The Australian and NSW Governments are investing in Macquarie Park to improve public transport and the road network.

Transport for NSW will widen Herring Road between Epping Road and Waterloo Road to provide a dedicated northbound bus lane. We will also improve three intersections along this section of Herring Road.

This work will support Macquarie Park's growth, ensuring we can meet the area's future transport needs.

### Work to date

Since work started last year we have:

- set up the site compound site
- installed environmental erosion and sediment controls
- installed project signage
- started testing the existing ground conditions
- started identification of the underground utility services
- undertaken survey activities
- Started the tree removal tree removal on Herring Road and Ivanhoe Place.

### What is happening next?

During our upcoming work between Sunday 14 February and Friday 16 April we will:

- install of concrete traffic barriers and fencing

- work on utilities including water, gas, electricity, telecommunications, storm water drainage and traffic signals networks
- remove and construct road, kerbs and footpaths.
- continue removal of trees and vegetation to make space for the improvements. Transport plans to replace each removed tree and is working with City of Ryde Council to identify potential locations for plantings within the local area.

### Our work schedule

We need to carry out some of our work at night to minimise traffic disruption and reduce safety risks to the workers, pedestrians and road users.

Between **Sunday 14 February** and **Friday 16 April** we will work **50 day** and **41 night shifts**.

Our day work hours are **7am to 6pm Monday to Friday and 8am to 1pm Saturdays.**

Our night work hours will be between **8pm and 5am from Sunday to Thursday.**

We will not work on public holidays.

## How the work will affect you

Our night work may be noisy at times. We will do everything we can to minimise its impact where possible, including:

- staging the work in different locations along the work zone
- completing the noisier activities by **midnight**
- directing noise-generating equipment and lights away from properties
- using noise blankets
- turning vehicles and machinery off when not in use
- notifying affected residents in advance of noisy night work.

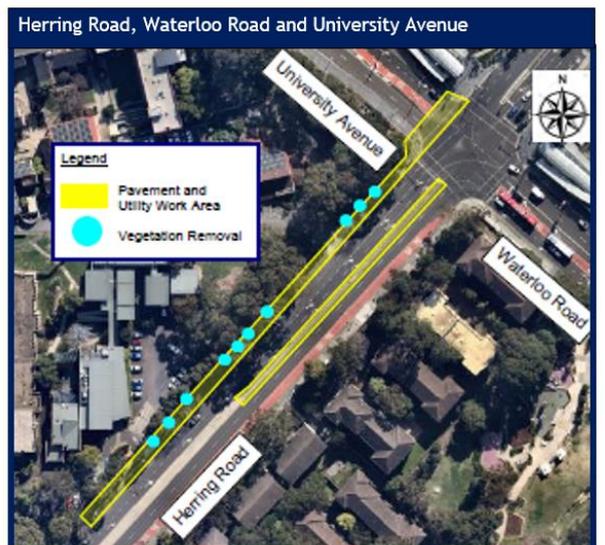

## Traffic changes

Temporary traffic changes will be in place during this period to ensure the work zone is safe. This will include lane closures and may affect travel times.

Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or check the Live Traffic NSW App.

## Join our mailing list

Keep up to date on the progress of our work in Macquarie Park by joining our mailing list. Sign up to the project website [nswroads.work/macpark](http://nswroads.work/macpark). More information is available on the website to view or download.

### Contact us

To ensure we protect public health and safety during the Coronavirus outbreak, we need to change the way we engage with the community. Please be assured we will continue to respond to any questions or concerns you may have about our work.

If you have any questions, please contact our delivery partner Georgiou on:
