

Gerringong upgrade

Omega Bridge community walk

13 December 2014

A background image showing the silhouettes of four people walking from left to right. The figures are dark against a light background. The first person on the left is wearing a cap and a long-sleeved shirt. The second person is wearing a long-sleeved shirt and shorts. The third person is wearing a long-sleeved shirt and shorts. The fourth person on the right is wearing a long-sleeved shirt and pants.

Gerringong upgrade

Omega Bridge

Community walk

Saturday

13 December 2014

9am – 12pm

You are invited to walk on the new Omega Bridge before we open it to traffic. The iconic bridge is 350 metres long and was built using a technique called 'incremental launching' to minimise impacts on the community while it was being built.

How?

You can walk to Boxsell Oval located on Fern Street or alternatively you can catch the free bus that will be running from 9am to 12pm between Gerringong town hall and Boxsell Oval. There will be no parking available for motorists at the oval.

Food and drinks can be purchased at Boxsell Oval. The project team will be available to answer any questions you may have about the highway upgrade.
