BUILDING OUR FUTURE

February 2020

Continuing night work for Great Western Highway safety upgrades at Blackheath from 1 March 2020

Transport for NSW is continuing road safety upgrade work at Blackheath. We are improving road safety by widening the highway shoulders, providing dedicated turn lanes and other improvements.

We have successfully completed a section of work along the Great Western Highway between Sturt Street and Govetts Leap Road. However due to persistent weather, smoke and ground conditions in recent months, we were unable to complete all work in February 2020.

We need to continue night work along the Great Western Highway between Leichhardt Street and Chelmsford Avenue from early March 2020. We expect to complete this work by the end of March 2020, weather permitting. The remaining night work will include:

- asphaltting
- line marking
- installing signage
- installing guard rail.

Our work schedule

We are continuing our landscaping work during the day across the project area. Our standard working hours are between **7am** and **6pm Monday to Friday**, and between **9am** and **1pm Saturdays**, if required.

To minimise the impact to road users and reduce the length of time to complete the project, we will continue to carry out work up to five nights per week between **Sunday 1 March** and **Tuesday 31 March 2020**. Work will occur between **6pm** and **5am Sunday night to Saturday morning**.

There will be a maximum of five night shifts in any given week. We will only work Friday nights if we missed shifts during the week, or if required by utility providers or authorities.

How will the work affect you?

During our nightwork, a lane along a section of Great Western Highway between Leichhardt Street and Chelmsford Avenue will be temporarily closed to complete the asphaltting and line marking work.

We will also carry out our work on side streets off the Great Western Highway between Leichardt Street and Chelmsford Avenue and at the entrance to Sutton Park. Some parking access next to the work areas will also be temporarily unavailable.

We will maintain access to driveways, unless we contact you in advance to make arrangements. Work will be noisy and there will continue to be construction vehicles moving around the project areas. There will be traffic controls in place to ensure the safety of workers and the community while we are working.

We will minimise the impact to the community by:

- completing the noisiest activities earlier in the shift
- not carrying out noisy activities like saw cutting, jackhammering or rock breaking after midnight
- directing lighting away from residential properties.

Traffic changes?

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Electronic signs will be in place along the Great Western Highway to notify motorists.

Please keep to speed limits, follow signs and traffic controller's directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact our delivery partner, Diona Pty Ltd, on 1800 035 733 or email K2Lupgrade@rms.nsw.gov.au.
