

## Stage 1 work on Heathcote Road upgrade between Infantry Parade, Holsworthy and The Avenue, Voyager Point from Thursday 24 June

The NSW Government is upgrading the 2.2 kilometre section of Heathcote Road between Infantry Parade, Holsworthy and The Avenue, Voyager Point to help reduce congestion, improve road safety and provide more reliable journeys for all road users.

Transport for NSW is starting Stage 1 work on the Heathcote Road upgrade between Infantry Parade, Holsworthy and The Avenue, Voyager Point. We will carry out the upgrade in two stages to ensure we address some safety issues in the area early.

The Stage 1 upgrade work includes:

- Installing temporary traffic lights at the intersection of The Avenue at Voyager Point
- Building two of the project's noise walls:
  - Noise wall 1 (80 metres) near the childcare centre near Infantry Parade.
  - Noise wall 2 (250 metres) between Macarthur Drive and Harris Creek.

The Stage 1 upgrade will be complete in December 2021, weather permitting.

## Our work schedule

We will start work from **Thursday 24 June**.

Our work hours will be from **Monday to Friday 7am to 6pm** and **Saturday 8am to 1pm**.

We will continue to update the community about our work schedule.

## Contact

If you have any questions or feedback, please contact us on 1800 749 119 or email [heathcoteroadupgrade@transport.nsw.gov.au](mailto:heathcoteroadupgrade@transport.nsw.gov.au)

For more information on our projects, visit [nswroads.work/heathcoteroad](http://nswroads.work/heathcoteroad)

The first activities on site to **start on Thursday 24 June** will include:

- survey investigation work to assist with building the two noise walls
- locating existing underground services using ground penetrating radar
- inspecting public and private structures in close proximity to the work before start of construction.

From late July, we will carry out these activities:

- removing trees, shrubs and other vegetation in the project area on Heathcote Road
- establishing the site compound north of Harris Creek to support the noise wall construction.

We will provide further information about this upcoming work in future notifications.

## How will the work affect you?

Our construction work for the upgrade will involve the use of machinery which generates some noise. We will make every effort to minimise noise by arranging the work in stages at different locations and turning off machinery and vehicles when not in use.

## Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

While we build these noise walls, there will need to be some changes to where pedestrians can walk between Infantry Parade and Holsworthy Train Station. Safe pedestrian detours will be in place at all times.

Lane closures and a 40km/h speed limit will be in place around the work zone during work hours and may affect travel times. Motorists should allow extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 749 119
