

Continuation of investigation work on Hoxton Park Road and Hume Highway, Liverpool, from Thursday 24 May

The NSW Government is funding this proposal as part of its \$300 million Urban Roads Pinch Point Program, which aims to reduce congestion and improve travel times on Sydney's business corridors.

Due to difficulties in locating utilities, Roads and Maritime Services will continue carrying out investigation work which includes checking ground conditions, locating utilities, drilling holes and saw-cutting, as well as reinstating the road surface and footpaths to help inform the design of proposed improvements to the Hoxton Park Road and Hume Highway intersection in Liverpool.

We have included a map to show the location of the work.
