

## Upgrading pinch point at Hoxton Park Road and Hume Highway, Liverpool from Wednesday 17 April

Roads and Maritime Services is upgrading the intersection of Hoxton Park Road and Hume Highway in Liverpool to ease congestion, reduce travel times and improve safety.

### What are we doing?

Motorists traveling through Liverpool often experience congestion and long wait times squeezing through the busy, central intersection at the Hume Highway and Hoxton Park Road. The single right turn lane has queues of motorists waiting to return home or to connect to the M7 which then block other road users continuing south along the Highway or transferring to the M5 Motorway.

Roads and Maritime is upgrading this 'pinch point' by widening the Hume Highway to creating a second dedicated right turn lane onto Hoxton Park Road. This will benefit road users by:

- improving westbound traffic flow onto Hoxton Park Road towards the M7 and Liverpool's outer suburbs
- improving southbound traffic flow continuing on Hume Highway towards the M5 and Sydney's South West
- easing congestion and lowering travel times for all road users, especially during peak AM and PM times.

## Our work schedule

We will be on site for up to **five days and five nights a week** between **April** and **September 2019**, excluding public holidays.

For this upcoming work we will be on site for up to **60 night and 60 day shifts** between **Wednesday April 17 and Wednesday 17 July 2019**, weather permitting.

Our day work hours will be between **7am and 6pm** from **Monday to Friday** and between **8am to 1pm** on **Saturday**. Our night ours will be between **8pm and 6am** from **Sunday to Friday**.

## Contact

If you have feedback or concerns about the work schedule, or would like to know more about this project, please contact our delivery partner Ward Civil team on 1800 897 841 or [hoxtoncomms@wardcivil.com.au](mailto:hoxtoncomms@wardcivil.com.au).

For information on other pinch points across Liverpool, please visit [rms.work/urbanpinchpoints](https://rms.work/urbanpinchpoints).

Thank you for your patience during this important work.

## Upcoming work

We will continue road work which includes adjusting traffic signals, upgrading stormwater drainage, demolishing existing footpaths and asphaltting. This work will take place during day time and night time.

We will continue to update you on this project as work progresses, including informing you in advance about future work schedules and night work.

## How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier activities, like saw-cutting concrete, jack-hammering and breaking up concrete, by **midnight**.

## Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures may be in place and will affect travel times. Please keep to speed limits and follow the directions of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or download the Live Traffic NSW App.

## More Liverpool pinch point upgrades

Roads and Maritime is upgrading multiple pinch points across Liverpool. These points of congestion, either at an intersection or on a short length of road, are where bottlenecks exist and cause traffic to build-up. These points can delay travel at these spots and on the wider road network. Other Liverpool pinch points include the:

- Elizabeth Drive and Marsden Road intersection
- Hoxton Park Road and Whitford Road intersection.

Each upgrade will ease congestion, reduce traffic delays and improve travel times for Liverpool residents and road users returning home and connecting to the wider Sydney road network.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 897 841.
