

Start of work on City Road at Kahibah Road, Highfields and Northcott Drive, Adamstown Heights from Monday 9 August

The NSW Government is investing \$13.5 million from the Hunter Pinch Points Program to improve traffic flow and safety on City Road.

Transport for NSW recently awarded a contract to Robson Civil to carry out the City Road (Pacific Highway) intersection upgrades at Kahibah Road and Northcott Drive. We will start work on **Monday 9 August** and expect to be complete the project by **late 2022**, weather permitting.

We will be setting up a site compound off Highfields Parade which we will use for our site offices and to store materials. Our early activities will include:

- setting up our offices and site compound
- confirming the location of existing utility services
- removing the existing concrete median on City Road near the right turning lane into Kahibah Road
- relocating power poles and moving powerlines

We will be working from **Monday to Friday** between **7am** and **6pm**, and **Saturdays** between **8am** and **1pm**, weather permitting. Some work will also be required outside normal project hours for the safety of workers and road users, and to minimise traffic delays. We will consult with directly impacted residents about out of hours work before it is carried out.

How will the work affect you?

The work will involve the use of machinery which generates noise, light and vibration. We will make every effort to minimise these impacts especially during out of hours work.

Bus stop relocations

The bus stop on City Road near Kahibah Road and the school bus stop on Highfields Parade will be relocated while the work is carried out. We will post notices at the stops with more detail about the changes before and after they are relocated.

Traffic changes

There will be temporary traffic changes to ensure the work zone is safe including a 40km/h speed limit in work areas. Travel times will be affected at times. The slipway between City Road and Highfields Parade will be closed during the work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you would like to provide feedback, or have any questions about this work, please contact our project team on 1800 818 033 (24 hours) or email kahibah@robsoncivil.com.au.
