

Road upgrade on Kelly Street, Scone from Tuesday 14 June

The NSW Government is funding an upgrade to improve the road surface between Kingdon Street and Susan Street, ahead of Upper Hunter Shire Council's Scone CBD Revitalisation Project.

The New England Highway Bypass of Scone opened to traffic in March 2020. The bypass has returned the main street of Scone to local traffic and we will soon be starting an upgrade to further improve the amenity of Kelly Street.

The Kelly Street road upgrade will be completed in two stages. We have included a map to show the work area. The first stage will be carried out by Transport for NSW starting on **Tuesday 14 June**.

This stage involves saw cutting sections of the road to remove and replace concrete slabs. We will be working on the northbound lanes starting at Kingdon Street and moving gradually north to Susan Street, before moving onto the southbound lanes and working in a southerly direction. We will also remove the central medians and put temporary barriers in place.

We will be working between **6pm** and **5am** from **Sunday to Thursday nights**, and expect to complete this work by **mid-September**, weather permitting.

As part of the delivery of Upper Hunter Shire Council's Scone CBD Revitalisation Project, Council will deliver the second stage of the road upgrade. The road will be resurfaced to provide a smoother, safer road and final line marking will be installed.

For more information on the Scone CBD Revitalisation Project please visit upperhunter.nsw.gov.au

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by arranging the work in stages at different locations, completing noisier activities earlier in the night and turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Lane closures and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow up to five minutes extra travel time during this work.

There will be some temporary impacts to parking on Kelly Street during work hours. We have tried to minimise impacts to parking by completing the work at night and working in sections, moving gradually along Kelly Street.

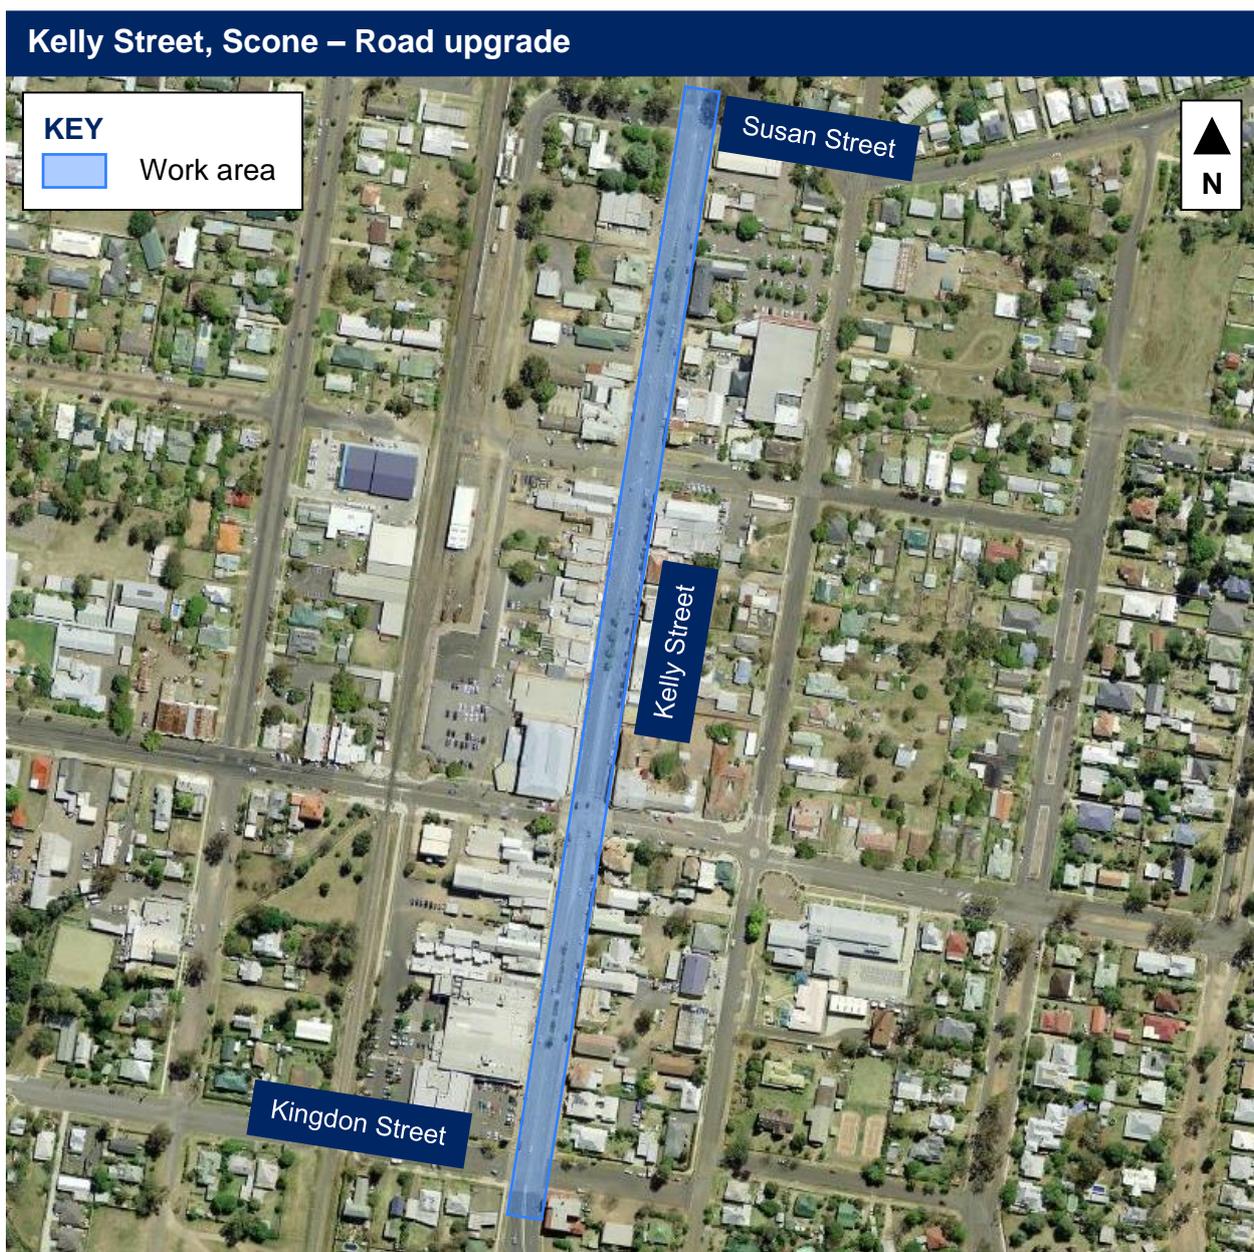

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

Contact

If you have any questions about the road upgrade, please contact our Project Delivery Manager, Paul Issa on 02 4983 5901 or paul.issa@transport.nsw.gov.au.

If you have any questions about the Scone CBD Revitalisation Project, please contact Upper Hunter Shire Council on 02 6540 1100 or council@upperhunter.nsw.gov.au.

For more information on our projects, visit roads-maritime.transport.nsw.gov.au. Thank you for your patience during this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 02 4983 5901.
