

# Night work continuing on Memorial Avenue at Kellyville from 10 January

The NSW Government is upgrading Memorial Avenue to ease congestion, improve travel times and meet the future transport needs for Sydney’s growing north west.

## Feedback from consultation

During November and December, we sought feedback from residents regarding our plan to work up to five consecutive weeknights to complete stormwater drainage works between January and June 2022 near:

- the intersection of Memorial Avenue and Old Windsor Road.
- the intersection of Memorial Avenue and Windsor Road.

We delivered letters to 231 households within the expected noise catchment. From those that provided feedback, the majority supported the night work program. Key feedback received includes:

- support for the night work program
- request to be notified in advance
- management of light spill, and
- maintaining access to private properties

We thank the community for their feedback and will now proceed with the proposed night works accordingly.

We will continue to work closely with nearby residents to keep them informed about upcoming work. We would like to thank the community for their ongoing support while we deliver this important project.

## Upcoming work in January

We will be working at night from **Monday 10 January** to **Monday 31 January** to conduct stormwater drainage works and utility service relocations and investigations, weather and COVID-19 restrictions permitting.

Activity	Time Estimate
Utility service relocations on Memorial Avenue near the intersection of Arnold Avenue (West)	2 x 2 nights
Utility service relocations on Memorial Avenue near Hector Court	1 x 2 nights
Utility service relocations on Memorial Avenue near Stone Mason Drive	2 x 2 nights
Utility service relocations on the eastern side of Old Windsor Rd south of Samantha Riley Dr	2 x 2 nights
Utility service relocations on Old Windsor Road at the intersection of Sunnyholt Road	3 x 2 nights
Utility service relocations at the intersection of Windsor Road and Memorial Avenue	1 x 2 nights
Utility service relocations on Windsor Road between Memorial Avenue and Presidents Road	2 x 2 nights
Road surfacing work on Memorial Avenue westbound beneath the Sydney Metro viaduct	1 x 2 nights
Stormwater works at the intersection of Old Winsor Road and Sunnyholt Road	1 x 3 nights
Utility service investigations – no more than 2 nights at one location	

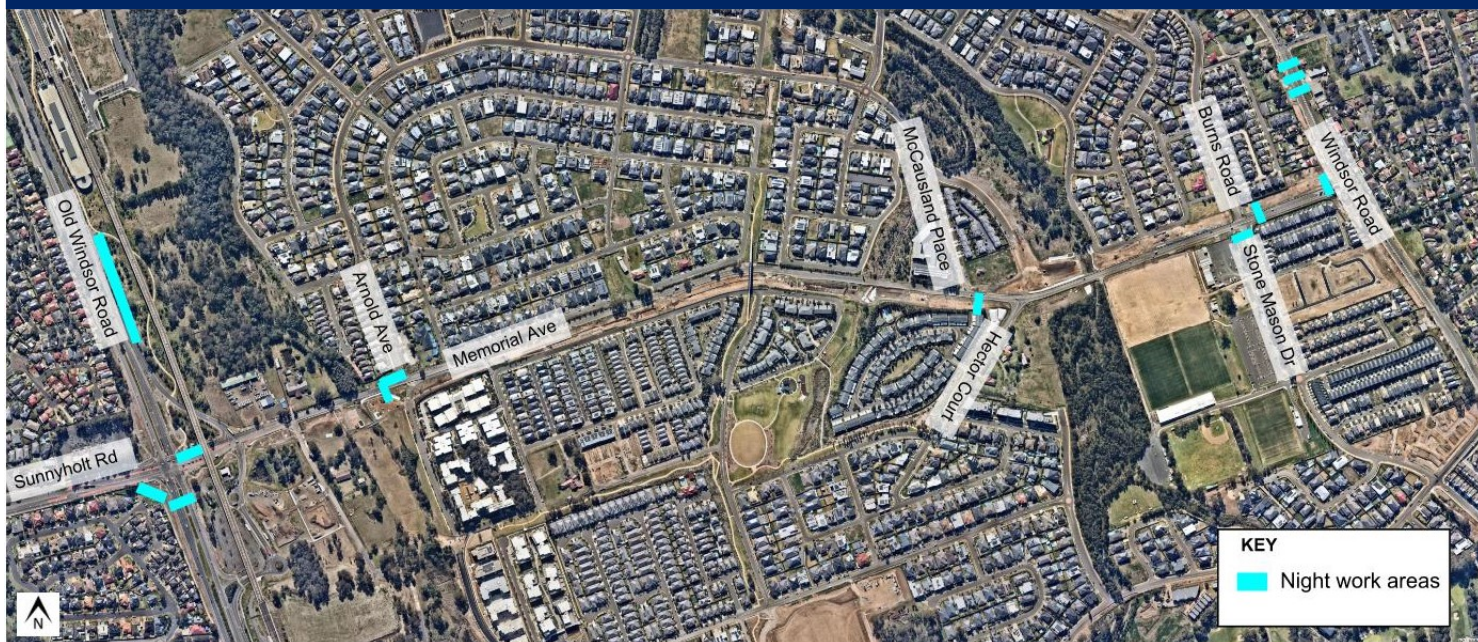

Night work hours are from **8pm to 5am, Monday to Friday**. However, work crews may be on site from 6pm to prepare for the shift and set up safety equipment.

## How will the work affect you?

We will be completing this work at night to reduce traffic disruption and safety risks to workers and road users. Night work will involve some use of noisy machinery.

We will make every effort to minimise disturbance where possible, complete noisy work by midnight and turn off vehicles when not in use. Directly affected residents will be advised about the expected night work near their property in advance.

### Night work locations at Memorial Avenue

## Traffic changes

There will be some temporary traffic changes to make the work zone safe. Partial lane closures and a reduced 40km/h speed limit will be in place. Travel times may be affected by up to five minutes. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
