

## Continuing utility relocation work near Memorial Avenue, Kellyville from Monday 13 July

Transport for NSW is upgrading Memorial Avenue from a two lane to a four lane road with the option to expand to six lanes if needed in the future.

This will improve traffic flow, ease congestion and reduce travel times along Memorial Avenue and nearby roads especially during the morning and afternoon peaks.

We have been working along Memorial Avenue to prepare for this upgrade and have made really good progress during the early works program. The final stage of this early work will include the removal of buildings of three Transport owned properties at: 3 and 5 Memorial Avenue and 4 Windsor Road, Kellyville. These properties need to be removed so we can widen the road for the upgrade.

Work will continue on moving the electrical supply from overhead poles to underground. We will dig trenches for pipes to hold the electrical cabling underground and remove some poles that are no longer required. To connect the supply to these new cables there will be some minor power outages during this period. Notifications about these outages will be provided by the contractor ahead of time to impacted residents.

Major construction work on the Memorial Avenue upgrade will start in late 2020.

## Our work schedule

We will be on site for **79 day and 3 night shifts** between **13 July and 13 October**, weather permitting. We will not work on public holidays.

Our day work hours will be between **7am and 6pm** from **Monday to Friday** and between **8am to 1pm** on **Saturday**. Our night work hours will be between **8pm and 5am** from **Monday to Friday**.

## Contact

If you have any questions, please contact our delivery partner, Ausconnex on 02 9157 3673 or [contact@ausconnex.com.au](mailto:contact@ausconnex.com.au)

For more information on projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au).

## How will the work affect you?

Most of this will take place during the day with some activities required to be done at night due to traffic volumes on Memorial Avenue. Our work may be noisy at times but we will do everything we can to minimise its impact, including using noise blankets and completing the noisier tasks by midnight.

The removal of these buildings will be conducted during the day. Management of dust and removal of hazardous material will be done in accordance with standard environmental procedures.

We will work in one location for no more than two nights per week or six nights per month. If we need to work extra nights we will discuss this with directly impacted residents

## Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

Thank you for your patience during this important work.

### Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Transport for NSW on 02 9157 3673

#### Arabic
