

## Night work on Memorial Avenue, Kellyville, from Monday 6 August

The NSW Government is planning to upgrade Memorial Avenue to a four lane road to meet the future transport needs of Sydney's north west.

Roads and Maritime is planning to upgrade Memorial Avenue, Kellyville, to manage current traffic as well as allow for the expected increases in traffic due to residential and commercial development in the area.

As part of the project, Roads and Maritime will be undertaking some testing and sampling investigations on Memorial Avenue from **Monday 6 August**.

The work is to obtain pavement samples which will include the following:

- Drilling pavement and taking samples
- Filling the resultant core-holes with rapid set concrete.

### Our work schedule

To minimise the impact to the road network, the work will be completed at night. There will be up to **4 shifts of night work** between **Monday 6 August** and **Friday 31 August** between **8pm** and **5am**, weather permitting.

We have provided a map to show the work location.

### How will the work affect you?

There will be some noise and light associated with this work. We will make every effort to minimise noise by arranging the work in stages at different locations across this period. No more than **two consecutive night shifts** will be carried out in the same location. We will focus portable light on the working area to minimise light spilling over into nearby residences.

### Traffic changes

Temporary traffic changes are in place along Memorial Avenue to ensure the work zone is safe for road workers and motorists. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
