

Transport for NSW

Mascot intersection upgrades

Project update | May 2020

Work is underway at the intersection of Kent Road and Coward Street, Mascot

Transport for NSW is upgrading five intersections in Mascot to meet future traffic demand in one of Sydney's busiest areas. The improvements will help reduce congestion, better manage heavy vehicle movements and improve safety. More detail on each of these projects is available online at rms.work/mascotintersections.

Completed work

Three of the project's five intersection upgrades have been completed.

Bourke Street and Coward Street – new 'No Right Turns' at the intersection will reduce congestion for through traffic.

Gardeners Road and Botany Road – the newly-reconfigured intersection provides dual right turn lanes from Gardeners Road onto Botany Road, as well as a dedicated through and shared through/left lane.

Kent Road and Ricketty Street – realigned lanes and crossings will better manage the volume of heavy traffic through Mascot.

Continuing work

Stage 2 – Kent Road and Coward Street intersection upgrade, Mascot

Work started on the intersection of Kent Road and Coward Street in February 2020. We are

relocating utilities at the intersection, such as water, gas, electricity and fibre optics, and other communications cabling.

When this work is complete, we'll construct a new slip lane for vehicles turning left from Kent Road into Coward Street, as well as new pedestrian crossings and traffic island. This will improve safety and reduce the risk of collisions at this busy intersection.

We'll continue to talk to local residents about our work and the steps we're taking to reduce noise and other disruptions.

Stage 3 – Gardeners Road and O'Riordan Street, Mascot

Work to upgrade the intersection of Gardeners Road and O'Riordan Street is expected to begin later in 2020. More information will be available in the next project update.

Work schedule: Kent Road and Coward Street

We'll be on site up to **five nights a week**, between **7pm and 6am**, from **Sunday to Friday nights**.

Occasionally, we might need to work on Saturday nights to complete certain tasks at the intersection. We'll notify affected residents in advance when Saturday work is required.

To date, traffic volumes at the intersection have prevented us from working during daytime hours. However, if we get permission to work during daytime hours, this may take place up to **six days a week**, between **7am and 6pm, Monday to Friday**, and between **8am and 1pm** on **Saturdays**.

We do not work public holidays.

How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact.

At the Kent Road and Coward Street intersection, this means completing the noisier activities, such as concrete cutting and jack hammering, by 11pm, unless exceptional circumstances arise.

Coronavirus and engaging with the community

To ensure we protect public health and safety during the Coronavirus outbreak, we need to change the way we consult with the community. We are no longer able to visit residents and businesses to talk with them about our projects. Please be assured we'll continue to respond to any questions or concerns you may have about our work.

Traffic changes

There will be temporary traffic changes during our work hours, which may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call **132 701**, visit **livetraffic.com** or download the Live Traffic NSW App.

Contact

If you have any questions or would like to sign up for regular email updates on the project, please contact Ventia Boral Amey Joint Venture:

 **1800 677 700**

 **nswenquiries@vbajv.com.au**

 **rms.nsw.gov.au/mascotintersections**

Thank you for your patience while we complete this important work.

If you need help understanding this information, please contact the Translating and Interpreting Service on **131 450** and ask them to call us on **1800 677 700**.
