The work over this period will include the following activities:

- deliveries of equipment and materials
- completing work on the new bridge including the installation of retaining walls and fascia panels
- investigating, installing and relocating sewer and water mains
- constructing new drainage and a stormwater pump station
- constructing new road surfaces including earthwork
- commencement of footpath and landscaping work.

### Mulgoa Road lane closures

The right turn lane from Mulgoa Road into Union Road remains closed to continue installation of new road pavement in this area, weather permitting. A detour via **High Street** and **Worth Street** is in place. This work will continue for around six weeks.

### How will the work affect you?

- There will be temporary traffic lane closures on Mulgoa Road, Castlereagh Road, High Street and Jane Street on **weekdays** and **Sundays** between **6pm and 7am**.
- There may be times where we need to control the flow of traffic on Mulgoa Road, Castlereagh Road, High Street or Jane Street on weekdays between **10am and 3pm** and **Saturdays** between **10am and 1pm**.
- Pedestrian and cyclist detours will be in place on Mulgoa Road, Castlereagh Road, High Street and Jane Street for their safety.

At times our work may be noisy. We will minimise impacts by aiming to complete noisier tasks by **11pm** and staging work in different locations.

### Traffic changes

During lane closures there will be traffic control and a reduced speed limit of 40 kilometres per hour for the safety of workers, motorists, cyclists and pedestrians. For your safety please follow traffic signs.

Please follow direction of traffic controllers, speed and detour signs. All traffic changes will be temporary during our standard work hours. For the latest traffic updates call 132 701, or visit [livetraffic.com.au](http://livetraffic.com.au)
