BUILDING OUR FUTURE

June 2019

Work continuing on Mulgoa and Castlereagh Roads, Penrith from Friday 7 June 2019

The Australian and NSW governments are jointly funding the \$105 million upgrade of Mulgoa Road, Penrith from Union Road to Museum Drive.

Thank you for your patience and support during the recent Castlereagh Road closure. We opened Castlereagh Road ahead of schedule, returning vehicle access along Castlereagh Road around midday on Sunday 26 May.

We are continuing with important work on this project, which includes replacing the existing railway bridge and widening the road underneath. This will help improve traffic flow along the Mulgoa Road and Castlereagh Road corridor, including High Street.

The bridge construction is taking place opposite the Nepean District Tennis Association, which is helping to reduce construction time and minimise traffic impacts.

From **Friday 7 June** work for the rail bridge construction will continue on Castlereagh Road, between Jane Street and Museum Drive. Road widening work will continue with earthwork and utilities relocation on Mulgoa Road, High Street and Castlereagh Road.

Australian Government

BUILDING OUR FUTURE

Our work schedule

Work will be carried out between **Friday 7 June** and **Saturday 29 June 2019**.

Work hours are Monday to Friday between **7am** and **6pm**, Saturdays **8am** to **1pm** and some nights from Monday to Sunday between **6pm** and **7am**.

No work will take place during the June long weekend.

Contact

If you have any questions, please contact our delivery partner McConnell Dowell on 1800 951 118 or email mulgoaroad.penrith@mcdgroup.com

For more information on our projects visit rms.nsw.gov.au/projects/sydney-west/index.html

The work will include the following activities:

- truck movements for delivery of equipment and materials
- earthwork, stormwater drainage and concreting
- piling and concrete work for bridge structures
- investigation of utilities and relocation
- vegetation removal
- traffic management implementation including signage, line marking and barrier installation
- temporary pavement construction.

How will the work affect you?

Traffic management will be in place on Mulgoa and Castlereagh Road to enable construction activities. For your safety please follow traffic signs.

At times our work may be noisy from piling machines, concrete saws, and earthwork machinery. We will make every effort to minimise noise impacts including attempting to complete all noisier tasks by **10pm**.

Safe removal of ACM

During our general excavation work small quantities of asbestos contaminated material (ACM) have been found along the High Street, Mulgoa Road and Castlereagh Road corridors.

Our ACM management practices align to SafeWork NSW and the Environmental Protection Authority (EPA) methods for safe removal.

Should you have any questions about the safe removal of ACM, please visit the Environmental Protection Authority's website at epa.nsw.gov.au or call 131 555.

Traffic changes

During lane closures, traffic control and a reduced speed limit of 40 km/h will be in place for the safety of workers, motorists and pedestrians.

Please follow direction of traffic controllers, speed and detour signs. All traffic changes will be temporary during our work hours. For the latest traffic updates call 132 701, visit livetraffic.com.au or download the Live Traffic App.

If you need help understanding this information, please contact the Translating and Interpreting Service on 131 450 and ask them to call us on 1800 951 118.
