

April 2016

Start of work on new traffic lights at the Westminster Street and Railway Terrace intersection, Schofields from Tuesday 12 April 2016

The NSW Government is funding the \$3.9 million upgrade of the Westminster Street and Railway Terrace intersection to improve travel times and safety.

Roads and Maritime Services has identified that new traffic lights at the Westminster Street and Railway Terrace intersection would significantly improve traffic flow along Bridge Street and improve safety for road users. Traffic lights would also make it safer for pedestrians and cyclists to cross at this location.

Once built this project will provide:

- Two vehicle lanes in each direction along Railway Terrace at the Westminster Street and Railway Terrace intersection and part of a shared path on the western side of Railway Terrace. This work will support Blacktown City Council plans for future Railway Terrace upgrades
- A 'No Right Turn' sign for traffic turning right from Railway Terrace into Westminster Street. This restriction will only apply during peak times.

This work will be carried out during standard construction hours, **Monday to Friday** between **7am and 6pm**, and **Saturdays** between **8am and 1pm**.

There will however be some initial night work including set-up of the worksite, which will start from **7pm on 12 April 2016 to 5am on 15 April 2016**. Any other out-of-hours work will be notified separately by the project team.

How will the work affect you?

There will be some noise associated with this work however we will make every effort to minimise noise.

Traffic changes

There will be some temporary traffic changes to allow the contractor to relocate utilities and to ensure the work zone is safe. In the first phase of work the traffic will be moved further to the eastern part of the road, so work can be carried out on the western side of the road (closest to rail line).

Please note there will be **no kerb side parking along Railway Parade between St. Albans Road and Kensington Park Road**.

The work will be carried out using strict controls for safety and environmental protection. However, we remind you to take extra care during this period by travelling carefully and slowly through the construction area. A speed limit of **40km/h** will apply to this area. Please pay particular attention to signs and the directions of traffic controllers.

Contact

If you have any questions, please call our delivery partner Burton Contractors on 1800 631 531 or email yavar.mir@burtoncontractors.com.au. For more information on our projects, visit www.rms.nsw.gov.au/projects/sydney-west/north-west-growth-centre-strategy/index.html.

Thank you for your patience during this important work.
