

Traffic improvements on Old South Head Road between Syd Einfeld Drive, Bondi Junction and Curlewis Street, Bondi

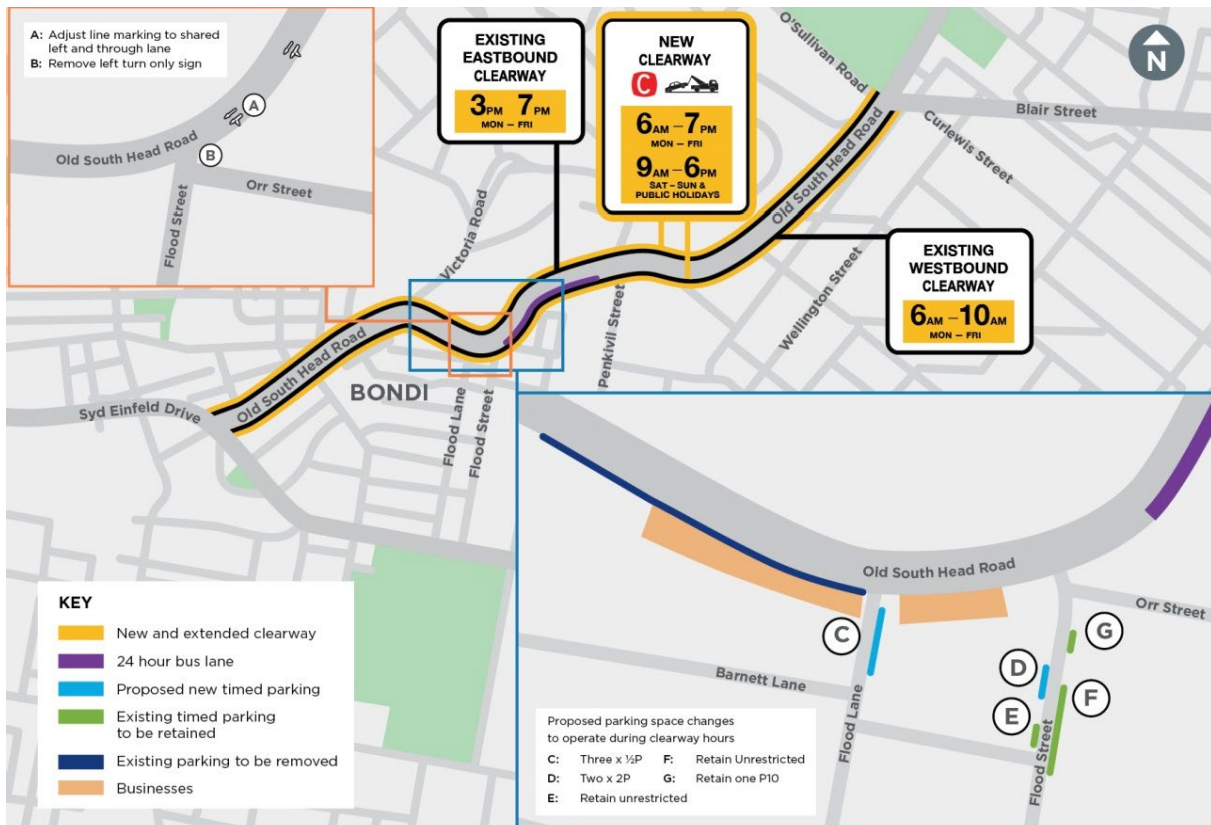

From **Monday 5 August** the new and extended clearways will be operational in both directions on Old South Head Road between Syd Einfeld Drive, Bondi Junction and Curlewis Street, Bondi from:

- 6am to 7pm on weekdays
- 9am to 6pm on weekends and public holidays

There will be no changes to existing restrictions outside the new clearway hours.

In addition to the clearways there will also be changes to parking and traffic, including:

- Installing alternative timed business parking in nearby Flood Street and Flood Lane (subject to Council approval)
- Converting the existing westbound 'Left Turn Only – Buses Excepted' lane into Flood Street into a 'through and left turn lane' for all vehicles.

What happens next?

The new clearways signs and posts will be installed between **Saturday 27 July** and **Sunday 4 August**, weather permitting, and will be operational from **Monday 5 August**.

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier activities, like concrete cutting, drilling and operating heavy machinery by **midnight**.

During the installation work, there will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Roads and Maritime have presented the changes to the local traffic committee who provided their endorsement. We will continue to work with Waverley Council to fund the proposed installation of additional timed business customer parking in nearby side streets, including three timed spaces on Flood Lane and two timed spaces on Flood Street.

If you have any questions about the physical installation works, please contact our delivery partner, Ventia Boral Amey Joint Venture (VBAJV) on 1800 677 700.

What is a clearway?

A clearway is a section of road where stopping and parking is not permitted during the times shown on the clearway sign. Clearways are put on key arterial roads where traffic is often heavy and congested. They help keep vehicles moving by making all lanes available to motorists.

Buses and taxis are allowed to stop on a clearway to drop off or pick up passengers. Emergency vehicles are exempt from clearways restrictions. If you park in a clearway during the clearway hours, you risk being fined and your vehicle can be towed.

Our work schedule

We will be on site for up between **Saturday 27 July** and **Sunday 4 August** for nine night shifts, weather permitting.

Our night work hours will be between **8pm to 5am** from **Monday to Sunday**.
