

Temporary traffic changes on the Pacific Highway, Lisarow from Monday 2 September

The NSW Government is investing \$178 million to duplicate the Pacific Highway between Ourimbah Street and Parsons Road at Lisarow to improve traffic flow and safety.

As part of duplicating the Pacific Highway at Lisarow, there will be temporary traffic changes on the Pacific Highway and Railway Crescent from **Monday 2 September**, weather permitting.

These changes are required for the safety of all road users and workers and to allow building of the new road to proceed. Pedestrian access will be maintained. We have included a map to show the location of the changes.

Traffic changes

There will be a temporary reduction of the right turn lanes into Railway Crescent from the Pacific Highway and out of Railway Crescent on to the highway, with right turn lanes shortened in length for the next two years.

There will also be a minor realignment of the Pacific Highway south of Ourimbah Street near Lisarow Cemetery and the bus stop on Railway Crescent will be moved 20 metres to the north.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW app.

We apologise for any inconvenience and thank you for your patience during this important work.
