

Proposed Pitt Town Bypass preferred option

The NSW Government is planning a bypass of Pitt Town, to reduce traffic through the town centre and improve traffic flow and safety for all road users.

Following consideration of community feedback in 2016 and further investigation, Roads and Maritime Services has selected a preferred option of the proposed Pitt Town bypass to progress to the next stage of development. We have included a map of the preferred option to help explain the proposal.

Key features

Further investigation has confirmed the features that can be included in the road design include:

- a two lane roundabout for the new intersection at Pitt Town Road, Bathurst Street and Glebe Road
- a two lane roundabout instead of traffic lights for the new intersection at Eldon Street and Old Pitt Town Road
- maintenance of restricted access to Buckingham Street from Cattai Road (left turn in and out of Buckingham Street).

Next steps

Roads and Maritime will continue planning and development of the concept design and environmental assessment based on the preferred design option.

We will continue to consult with the community and key stakeholders as the proposal progresses.

Contact

If you have any questions, please call our Project Manager, Stephanie Hambly, on 1800 793 862 or email pitttownbypass@rms.nsw.gov.au. For more information on the proposed Pitt Town Bypass, visit rms.nsw.gov.au/pitttownbypass.
