

Night work at the intersection of Tudor Avenue and Blacktown Road/Prospect Highway, Blacktown from Wednesday 22 July

The NSW Government is upgrading Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to reduce congestion and help meet future demands on this corridor.

Transport for NSW has engaged Ausconnex to carry out early work on Prospect Highway between Blacktown Road and St Martins Crescent. Over the next 12 months, Ausconnex will carry out key utility relocation work required for the future upgrade.

As part of this utility relocation work, we need to do some of this work at night to minimise the impact on traffic and improve safety for workers and road users. This work includes relocating the existing 33kV electrical cabling underground at the Tudor Avenue and Blacktown Road/Prospect Highway intersection.

Our work schedule

We will be on site for **two** night shifts between **Wednesday 22 July** and **Friday 24 July**, weather permitting.

Our work hours will be from **9pm** to **5am**.

Contact

If you have any inquiries or wish to make a complaint please contact our delivery partner, Ausconnex, on 0466 520 143 or prospecthighway@transport.nsw.gov.au

For more information on the project, visit nswroads.work/prospecthighway.

How will the work affect you?

Our work may be noisy at times during the night time but we will do everything we can to minimise its impact, including cutting the road asphalt before 10pm and using acoustic blankets between the work zone and the residential area west of Blacktown Road.

Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Thank you for your patience during this important work.
