

M1 Pacific Motorway extension to Raymond Terrace

Environmental Impact Statement (EIS) – How to make a submission

July 2021

The Department of Planning, Industry and Environment (DPIE) has placed the EIS on public exhibition from Wednesday 28 July until midnight on Tuesday 24 August. After the public exhibition has closed, DPIE will provide Transport for NSW with a copy of all submissions received.

Transport will then prepare a submissions report to respond to the issues raised during the public exhibition.

The submissions report will be made publicly available on DPIE's major projects website for stakeholders and the community to view.

The report will be submitted to DPIE and helps to inform the Minister for Planning's decision on the project.

If the project is approved by the Minister for Planning, it will be constructed and operated in accordance with the mitigation measures described in the EIS, our response to the submissions report and the Minister's Conditions of Approval.

The plans proposed in the EIS may evolve, depending on several factors including community feedback and the construction methodologies developed by the contractors, once appointed.

For detailed information please refer to the EIS in full, which is available to view on our **interactive web portal**.
