

## August 2021

Transport for NSW is consulting on the preferred option for the New Richmond Bridge and traffic improvements project. We thank community members who have made a submission so far.

We have extended the consultation period to Friday 17 September 2021 to allow the community more time to have their say.

Due to the current COVID-19 restrictions, we are unable to organise face-to-face information sessions. However, Transport will be holding two Facebook Live sessions on:

**Wednesday 8 September 2021 at 12-1pm and 5-6pm**

At these online events, Transport will present additional information and provide the community another opportunity to ask questions about the preferred option for the project. If you would like to attend, please join us on the **NSW Roads Facebook page** at the time of the online event.

If you would like support on how to join the Facebook Live event, please email or call us. Our team will provide you with instructions and a link to join on the day.

Transport will also hold targeted online sessions with residents around Norfolk Place, Southee Road, Inalls Lane and The Driftway in the coming weeks. Residents will be contacted directly.

## Contact us

If you have any questions or would like to make a submission please contact us via:
