

# Intersection improvements at Luxford Road and Rooty Hill Road North, Oakhurst

## Project Update

Roads and Maritime Services | January 2018

The NSW Government is funding this project as part of its \$225 million Pinch Point Program, which aims to reduce traffic delays, manage congestion and improve travel times on Sydney's major roads.

- reducing congestion and improved travel times
- improved safety for pedestrians.

In order to finish this work we need to temporarily close Luxford Road east bound, from Hyatts Road to Rooty Hill Road North, Oakhurst in January and February 2018 between Sunday and Friday from 8pm to 5am. The westbound lanes will remain open at all times.

### Our work schedule

We will continue to be on site for another **80 night shifts** and **60 day shifts**, until the end of **April 2018**, weather permitting and excluding public holidays. Our night work hours will be between **8pm** and **5am** from **Sunday to Friday**. Our day work hours will be between **7am** and **6pm** from **Monday to Friday** and between **8am** and **1pm** on **Saturday**.

### Progress so far and the next stage

We have finished setting up our site compound, relocating utilities, and building the new pavement in the median that was on Luxford Road.

### How will the work affect you?

Our work may be noisy at times but we will do everything we can to minimise its impact, including completing the noisier tasks by midnight.

The work still to be done includes:

- building the new drain
- adjusting the lanes and installing a new traffic island
- asphaltting, road markings and rebuilding the kerbs and footpaths
- updating the existing traffic control signals.

### Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

We have included a map to show the location of work and night time detour routes.

Lane closures will be in place eastbound on Luxford Road from **8pm to 5am** from **Sunday to Friday**, between **Monday 8 January** and **Monday 19 February**.

### Key benefits

The key benefits to the community include:

- improved traffic flow on Rooty Hill Road North and Luxford Road

Eastbound bus stops on Luxford Road will be closed at night and detours will be in place. If you are travelling east on bus route 750, please use the bus stop opposite Payne Street. Please note the 4.45am east bound bus service will operate as normal.

The detour may add up to 10 minutes to your travel time. Motorists are advised to allow extra travel time and plan ahead where possible to avoid delays.

Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW app.

## Thank you

We appreciate your patience while we deliver this important program of work.

## Contact us

If you have any questions or would like more information about the project, please contact our delivery partner, DM Roads, on:
