

Project update – Work continuing on Boundary Street, Roseville (between the Pacific Highway and Melnotte Avenue)

The NSW Government is funding this project as part of its \$225 million Pinch Point Program, which aims to reduce delays, manage congestion and improve travel times on Sydney’s major roads, particularly during weekday peak periods.

Roads and Maritime Services is continuing to deliver this intersection upgrade, which includes widening Boundary Street and upgrading the intersection of Boundary Street with the Pacific Highway and Corona Avenue, to help improve traffic flow and safety for road users. We have included a map of the project’s progress.

Progress so far and the next stage

Roads and Maritime have built new retaining walls, completed most utility adjustments and road widening, and established a site compound in the north eastern corner of the Roseville Chase Oval carpark. Work still to be done includes:

- building a new water main
- upgrading traffic lights at Archer Street and the Pacific Highway
- building the new road pavement, a centre median and footpaths on Boundary Street
- installing new road signs, applying road marking, removing the site compound and landscaping.

Our work schedule

We expect to complete construction in August 2017. There have been some delays and additional work resulting from weather conditions and some design changes.

We will continue working up to **five nights a week**, including some **weekends** and **public holidays** until **Thursday 31 August 2017**. Our **night work** hours will be from **8pm** to **5am**, with less noisy construction work between **midnight** and **5am**. We will also be working from **7am** to **6pm** between **Monday** and **Fridays** and from **8am** to **1pm** on **Saturday**.

How will the work affect you?

Our work will be noisy at times but we will continue to do everything we can to minimise its impact, including completing the noisier tasks by **midnight**.

Temporary traffic and pedestrian changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow signs and traffic controllers' directions. For the latest traffic updates, you can call 132 701, visit liveroadtraffic.com or download the Live Traffic NSW App.

Community information session

Roads and Maritime held a community information session on Tuesday 9 May to give the community an update on the project's progress. We thank those who attended and are working to address individual questions on a case by case basis.

Contact

If you have any questions, please contact our delivery partner DownerMouchel on 1800 332 660.

For more information on our projects, visit rms.nsw.gov.au. Thank you for your patience during this important work.
