## **Upcoming intersection improvements on Stacey Street and Greenacre Road, Bankstown**

**The NSW Government is funding this project as part of its \$300 million Gateway to the South Pinch Point Program which aims to ease congestion and improve journey reliability on Sydney's key southern corridors.**

Roads and Maritime Services will be delivering this upcoming project to improve the flow of traffic and reduce delays at the intersection of Stacey Street and Greenacre Road.

Motorists frequently queue across the intersection due to congestion along Greenacre Road and experience delays when travelling through the intersection during peak periods.

This project aims to improve congestion by increasing capacity along Greenacre Road. Work will include:

- extending the right turn lane from Greenacre Road into Stacey Street
- removing six parking spaces (three on either side) of Greenacre Road
- linemarking and installing signage on Greenacre Road and Stacey Street.

### **What are the project benefits?**

The project will:

- improve journey time reliability and reduce travel times for road users
- increase capacity for vehicles turning right from Greenacre Road into Stacey Street and improve safety by reducing the occurrence of queuing.

### **Project enquiries**

If you have any questions or comments on these improvements in your local area please contact our delivery partner, Ventia Boral Amey Joint Venture, on 1800 677 700 or:

Ventia Boral Amey Joint Venture C&SE  
PO Box 838  
Rockdale NSW 2216

or [nswenquiries@vbajv.com.au](mailto:nswenquiries@vbajv.com.au).

We will respond to your enquiries directly and notify you prior to work commencing.

For more information on our projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au).
